## **ABOUT US**

**Bibliotex.com is a brand-new platform for academic and institutional libraries worldwide with science, technology and humanities e-Books in various subject areas. The platform has been built specifically with libraries and institutions in mind to allow them to access content of their specific needs.**

**With over 6000 e-Books available and over 500 new e-Books added to our platform each year providing libraries and institutions flexibility to build specific collections which best fit their needs and budgets.**

**From Introductory textbooks for undergraduate to research Monographs, we cover wide range of subjects such as Agriculture and Life Sciences, Animal and Veterinary Science, Aquaculture and Fisheries, Business and Management, Careers, Chemistry, Computer Science, Earth and Environmental Science, Education, Psychology, Engineering and Technology, Food Science, Health, Nutrition, Healthcare, Hospitality and Tourism, Language and Linguistics, Law and Criminology, Library and Information Science, Marine, Mathematics, Statistics, Physics, Political Science, Public Administration, Social Science and Vocational Education.**
