ISBN: 9781984680723 | Price: \$90 | Copyright: 2023 | Binding: Paperback

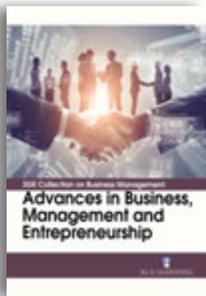

3GE COLLECTION ON BUSINESS MANAGEMENT: ARTIFICIAL INTELLIGENCE FOR MARKETING

- Explains how Artificial Intelligence and Machine Learning will revolutionize your company's marketing strategy, and teach you how to use it most effectively.
- It also explores the inevitable myths, concerns and ethical questions that can arise from the large-scale adoption of AI.

ISBN: 9781984680877 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

BUSINESS AND MANAGEMENT

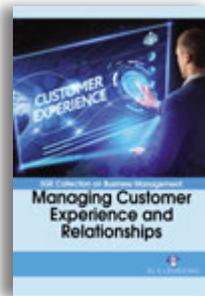

3GE COLLECTION ON BUSINESS MANAGEMENT: ADVANCES IN BUSINESS, MANAGEMENT AND ENTREPRENEURSHIP

- It seeks to develop an understanding of the concepts of management and entrepreneurship.
- Highlights topics including intellectual capital, risk management, and entrepreneurship education.

- The book lays emphasis on simplified definitions and point-wise presentation of theoretical concepts.

ISBN: 9781984680884 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON BUSINESS MANAGEMENT: MANAGING CUSTOMER EXPERIENCE AND RELATIONSHIPS

- This book provides a robust foundation in CRM principles and practices, to help any business achieve higher customer satisfaction.
- This book analyzes the challenges of creating excellent customer experiences, including the management of technology and new media.

ISBN: 9781984680891 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF EXCELLENCE IN MANAGEMENT

- Provides the definitive standard for successfully and efficiently dealing with managerial situations and dilemmas.
- This book will also help in enhancing the performance of individuals, dyads, and teams for achieving organizational excellence.

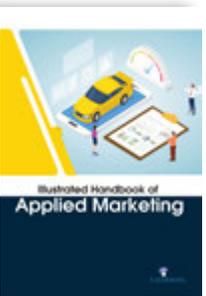

ISBN: 9781984681232 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF STATISTICAL QUALITY CONTROL

- This book includes coverage of SQC techniques in both industrial and non-manufacturing settings, providing fundamental knowledge to students of engineering.
- This book continues to explore the modern practice of statistical quality control, providing comprehensive coverage of the subject from basic principles to state-of-the-art concepts and applications.

ISBN: 9781984681249 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

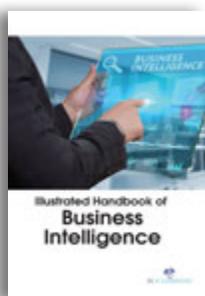

ILLUSTRATED HANDBOOK OF APPLIED MARKETING

- This book provides a comprehensive - yet comfortable - presentation of the basic concepts, terminology, and applications of modern marketing.
- Deals with marketing strategy including the key components, critical success factors, risks and implementation approaches.

- Also deals with decision making tools, frameworks and models.

- A valuable resource for students of organizational development, organizational behavior, change management, and leadership.

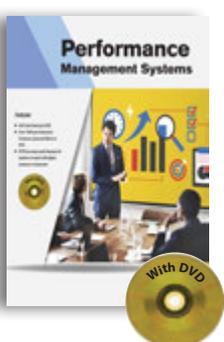

ISBN: 978-1-98465-887-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

RESEARCH METHODS IN ACCOUNTING (BOOK WITH DVD)

- Provides an introduction into research in accounting.
- The primary objective of this book is to expose students to ongoing and emerging accounting issues and to acquaint them with various research methodologies used in empirical accounting research.
- Examines research methods commonly used in accounting and auditing research.

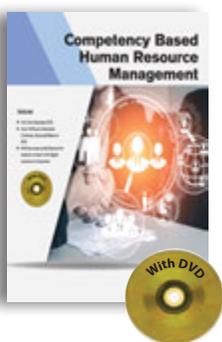

ISBN: 978-1-98465-888-3 | Price: \$90 | Copyright: 2022 | Binding: Paperback

PERFORMANCE MANAGEMENT SYSTEMS (BOOK WITH DVD)

- Explores the many facades of performance management.
- Designed to help students and HR professionals to understand the nuances of performance management system as it is a continuously evolving process, which consists of defining, planning, analyzing and developing performance.
- Examines the importance of an effective performance management system in helping organizations define and achieve short and long term goals.

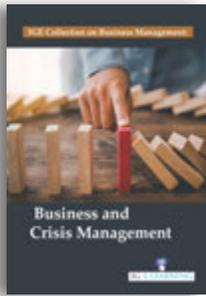

ISBN: 978-1-98465-889-0 | Price: \$90 | Copyright: 2022 | Binding: Paperback

COMPETENCY BASED HUMAN RESOURCE MANAGEMENT (BOOK WITH DVD)

- Competence includes a number of attributes attached to the individual which is a combination of knowledge, skills, and behaviors that can be used as a mean to improve performance.
- This book has been designed to give you an excellent overview of the best Competency based HR Management approaches.

ISBN: 978-1-98465-890-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

3GE COLLECTION ON BUSINESS MANAGEMENT: BUSINESS AND CRISIS MANAGEMENT

- Offers the basics in identifying, preventing, and controlling crisis situations.
- Also helps identify potential risks or situations that may precipitate a crisis or emergency and learn approaches on how to respond to such incidents.

- Will provide useful information within crisis management issue for a wide audience.

ISBN: 978-1-98465-983-5 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

- This concise and practical guide explores the use of research in business and management
- Introduces students to the business research methods in business mainly centered on statistical aspects. It also provides experience in designing questionnaires and report writing.

- Address the complex challenges of conducting research in the business and management professions.

ISBN: 978-1-98465-984-2 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

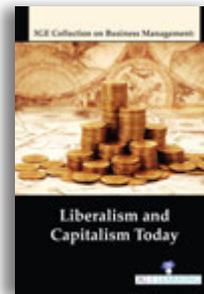

3GE COLLECTION ON BUSINESS MANAGEMENT: DIGITAL CUSTOMER SERVICE

- This book presents a balanced combination of theoretical and practical information.
- Shows how to implement, administer, and effectively use the application to meet the business needs.

- The book is aimed at those who wish to acquire a specific competency in digital customer service management

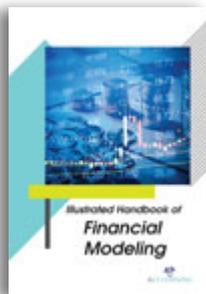

ISBN: 978-1-98465-985-9 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON BUSINESS MANAGEMENT: LIBERALISM AND CAPITALISM TODAY

- Deals with political philosophers, theorists and historians addressing the core values of liberalism and capitalism and how can they best be promoted?
- This book focuses on capitalism and its critics in the context of the historical evolution of advanced industrial society.

ISBN: 978-1-98465-986-6 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

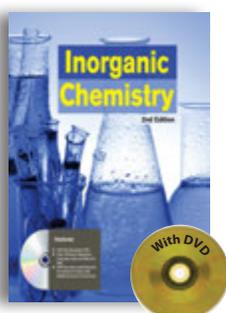

ILLUSTRATED HANDBOOK OF FINANCIAL MODELING

- Provides the principles underlying financial modeling and valuation by helping them to develop flexible and accurate valuation analysis incorporating cash flow waterfalls, depreciation and more.

- A practical and concise guide to financial modelling designed to cover the modelling issues.

ISBN: 978-1-98466-020-6 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

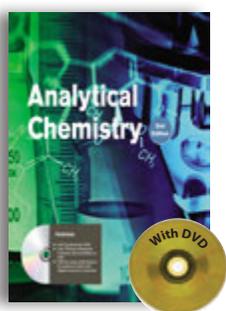

EDITION ②

INORGANIC CHEMISTRY (2ND EDITION) (BOOK WITH DVD)

- Provides a foundation for the understanding of the varying chemistries of the elements of the Periodic Table, with emphasis on inorganic materials.
- Topics include principles of structure, bonding, and chemical reactivity with application to compounds of the main group and transition elements, including organometallic chemistry.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679888 | Price: \$95 | Copyright: 2023 | Binding: Paperback

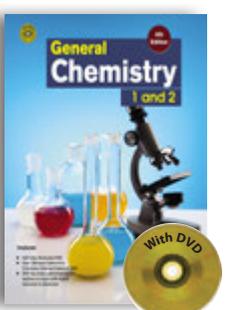

EDITION ②

ANALYTICAL CHEMISTRY (2ND EDITION) (BOOK WITH DVD)

- Offers an introduction to sampling, error and statistical analysis as applied to analytical chemistry.
- Introduces the basic analytical techniques of sample preparation and separation as well as data collection, quantitation and treatment using titrimetric and instrumental methods of analysis.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679901 | Price: \$95 | Copyright: 2023 | Binding: Paperback

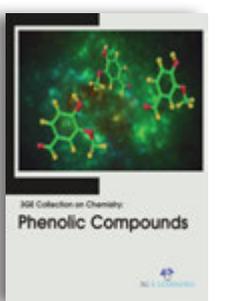

EDITION ④

GENERAL CHEMISTRY 1 AND 2 (4TH EDITION) (BOOK WITH DVD)

- Explores the key areas of chemistry needed for engineers. This study guide is a supplemental resource to help students learn/review the important concepts covered in the General Chemistry course.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.
- In its updated 4th edition, this book has been extensively revised on a chapter by chapter basis.

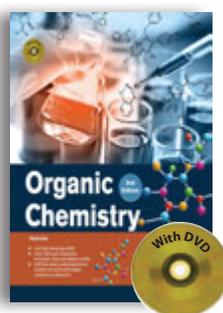

ISBN: 9781984680570 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ISBN: 9781984680945 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON CHEMISTRY: PHENOLIC COMPOUNDS

- Shows the state of the art of diverse biological activity of the phenolic compounds.
- This book focuses on the interaction of enzymes and phenolic compounds, oxidation-reduction systems in plants and microorganisms, and phenolase complex.

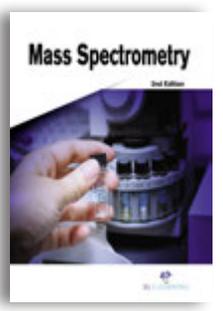

EDITION ②

ORGANIC CHEMISTRY (2ND EDITION) (BOOK WITH DVD)

- Provides the student with the necessary background to understand the chemistry of carbon-containing compounds.
- Topics will include structure, stereochemistry, nomenclature, synthesis, properties, and reactions of the major classes of organic compounds.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679895 | Price: \$95 | Copyright: 2023 | Binding: Paperback

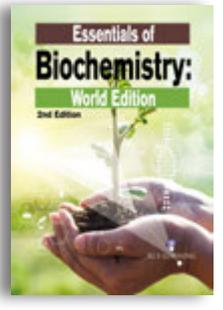

EDITION ②

MASS SPECTROMETRY (2ND EDITION)

- Offers a blend of practice-oriented information and theoretical background as well as numerous references and clear illustrations.
- Provides a wide-ranging and practical overview of all aspects of the use of mass spectrometry in environmental applications.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680037 | Price: \$95 | Copyright: 2023 | Binding: Paperback

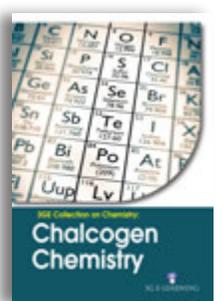

EDITION ②

ESSENTIALS OF BIOCHEMISTRY: WORLD EDITION (2ND EDITION)

- The book is beautifully designed and executed, and renders the study of biochemistry enormously appealing to medical students and various allied health students.
- Strengthens the link between biochemistry and medicine and allows the student to learn about this interaction as the biochemistry is presented.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

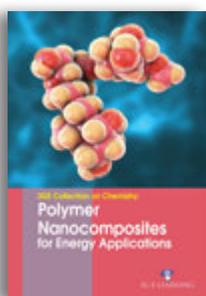

ISBN: 9781984680624 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ISBN: 9781984680952 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON CHEMISTRY: CHALCOGEN CHEMISTRY

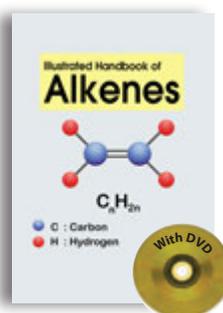

- This book deals systematically with the chemistry of chalcogens in relation to other group elements in the periodic table, and also includes an overview of metal-chalcogenides and metal-polychalcogenides.
- Provides an overview of recent developments on the chemistry of the chalcogen group elements (S, Se and Te).

3GE COLLECTION ON CHEMISTRY: POLYMER NANOCOMPOSITES FOR ENERGY APPLICATIONS

- The book explores the storage of electrical, magnetic, and thermal energy and hydrogen.
- It also discusses energy generation by polymer-based solar cells.
- The book also covers the applications of carbon-based polymer nanocomposite in the environmental and energy fields.

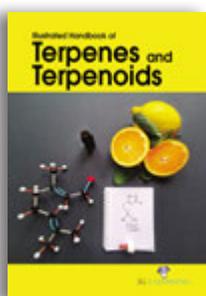

ISBN: 9781984680969 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF ALKENES

- This book examines the production and synthesis of alkenes and industrial production of these hydrocarbons. It also discusses eco-friendly and green separation techniques.
- The book also covers topics on the oxidation of alkenes and alkynes, as well as the multiple insertion reactions of alkenes and alkynes.

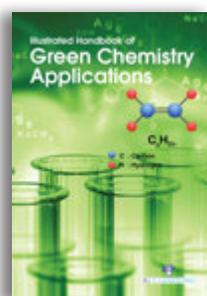

ISBN: 9781984681270 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF TERPENES AND TERPENOIDS

- The book discusses the applications of physical methods to some structural and stereochemical problems in terpenes and steroids.
- Presents an overview and highlights recent research in the phytochemical and biological understanding of terpenes and terpenoid and explains the most essential functions of these kinds of secondary metabolites.

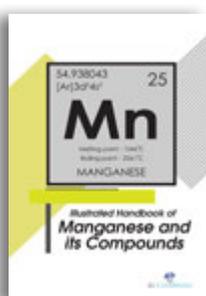

ISBN: 9781984681287 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF GREEN CHEMISTRY APPLICATIONS

- Principles of green chemistry are presented in a simple way, with examples of the applications of green chemistry in numerous areas showcasing it as an ideal alternative for environmental care.
- This book highlights the potential and scope of green chemistry for clean and sustainable development.

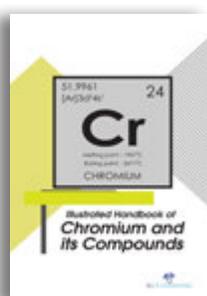

ISBN: 9781984681294 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF MANGANESE AND ITS COMPOUNDS

- Intended to provide a general introduction to all aspects of manganese chemistry for readers from a variety of different scientific backgrounds.
- Presents a variety of compounds of manganese and the primary uses of manganese compounds.

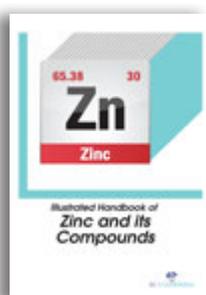

ISBN: 978-1-98466-025-1 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF CHROMIUM AND ITS COMPOUNDS

- Intended to provide a general introduction to all aspects of chromium chemistry for readers from a variety of different scientific backgrounds.
- Presents a variety of compounds of chromium and the primary uses of chromium compounds.

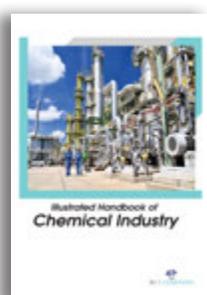

ISBN: 978-1-98466-026-8 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF ZINC AND ITS COMPOUNDS

- Intended to provide a general introduction to all aspects of zinc chemistry for readers from a variety of different scientific backgrounds.
- Presents a variety of compounds of zinc and the primary uses of zinc compounds.

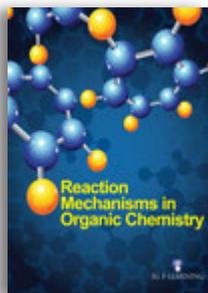

ISBN: 978-1-98466-027-5 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF CHEMICAL INDUSTRY

- In this introduction to chemical industry the book covers the important chemistry, products, processes and relevant statistics.
- Deals with the molecular formula, raw materials, properties, laboratory testing, manufacturing process explained with flow diagrams and uses of the chemicals.

ISBN: 978-1-98466-028-2 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

REACTION MECHANISMS IN ORGANIC CHEMISTRY

- Highlights the relationships between organic chemical structures and their reactivity.
- Advanced treatment of basic mechanistic principles of modern organic chemistry.
- Explores the reaction mechanisms in addition, elimination, substitution, and rearrangement reactions, including pericyclic and photochemical reactions.

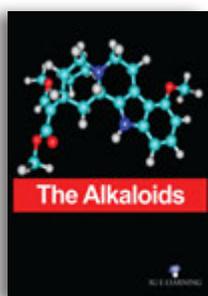

ISBN: 978-1-98465-873-9 | Price: \$90 | Copyright: 2022 | Binding: Paperback

HEAT TRANSFER PRINCIPLES

- Presents an introduction to the principal concepts and methods of heat transfer.
- Fundamental principles and theory of heat transfer by conduction, convection, and radiation.
- The book will be useful to mechanical engineers, students of engineering, and designers.

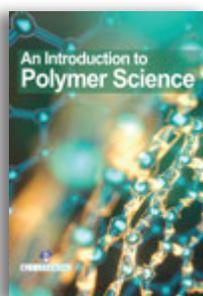

ISBN: 978-1-98465-874-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

THE ALKALOIDS

- The alkaloids were of great importance to mankind for centuries, long before they were recognized as a chemical class.
- Provides comprehensive introduction of the chemistry and biological properties of the various classes of alkaloids.

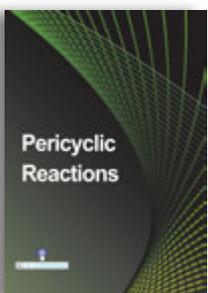

ISBN: 978-1-98465-875-3 | Price: \$90 | Copyright: 2022 | Binding: Paperback

AN INTRODUCTION TO POLYMER SCIENCE

- This book gives an introduction to polymer science and engineering, covering the properties of polymers, polymer reactions and reactors, and polymer forming processes.
- Presents the fundamentals of synthesis, characterization, properties and also include discussion on the applications of polymers.

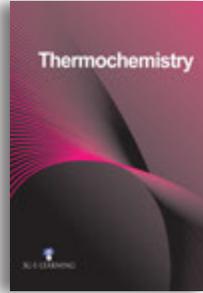

ISBN: 978-1-98465-876-0 | Price: \$90 | Copyright: 2022 | Binding: Paperback

PERICYCLIC REACTIONS

- Aims at explaining the different types of pericyclic reactions, the stereochemistry of the same and simple rules to predict the feasibility of the reaction and the stereochemical outcome.
- This book covers electrocyclic reactions, sigmatropic reactions, cycloaddition reactions, 1,3-dipolar reactions, group transfer, and ene reactions.

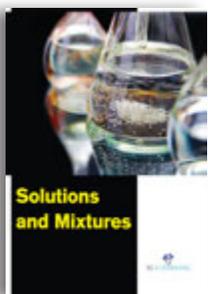

ISBN: 978-1-98465-877-7 | Price: \$90 | Copyright: 2022 | Binding: Paperback

THERMOCHEMISTRY

- Thermochemistry is specifically the study of heat transfer in chemical reactions.
- This book introduces you to thermochemistry that describes the energy changes that occur during chemical reactions.
- Define energy, distinguish types of energy, and describe the nature of energy changes that accompany chemical and physical changes.

ISBN: 978-1-98465-878-4 | Price: \$90 | Copyright: 2022 | Binding: Paperback

SOLUTIONS AND MIXTURES

- This book presents an introduction to chemical mixtures and solutions.
- Offers the explanation of solutions and mixtures and how they differ, as well as examples of mixtures and solutions.

ISBN: 978-1-98465-879-1 | Price: \$90 | Copyright: 2022 | Binding: Paperback

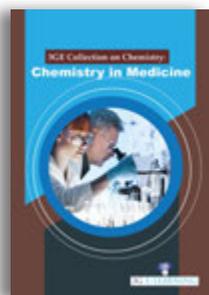

3GE COLLECTION ON CHEMISTRY: ALKALI METALS AND THEIR COMPOUNDS

- The alkali metals are a group of chemical elements from the s-block of the periodic table with similar properties: they appear silvery and can be cut with a plastic knife.
- Explains the characteristics of alkali metals and their compounds, where they are found, how

they are used by humans, and their relationship to other elements found in the periodic table.

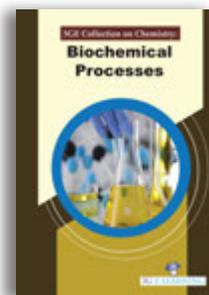

ISBN: 978-1-98465-990-3 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

**3GE COLLECTION ON CHEMISTRY:
CHEMISTRY IN MEDICINE**

- An overview of modern medicinal chemistry, from first principles of drug action to design and development of potential therapeutics, will be presented.
- Providing a general introduction to this fascinating subject, this book is aimed at those studying undergraduate and postgraduate courses in medicinal chemistry.

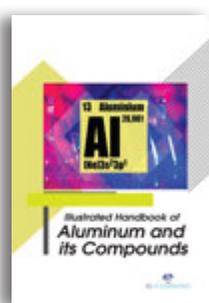

ISBN: 978-1-98465-991-0 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

**3GE COLLECTION ON CHEMISTRY:
BIOCHEMICAL PROCESSES**

- The primary aim of this book is to present an introduction to fundamental and applied aspects of industrial biochemical processing.
- Intended to describe the behavior of any life system in terms of mathematical form, the basic essence of biochemical reaction engineering.

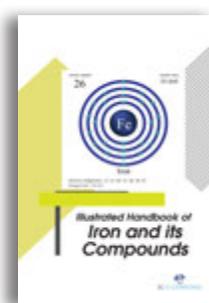

ISBN: 978-1-98465-992-7 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF
ALUMINUM AND ITS COMPOUNDS**

- Aluminum is a very reactive metal that readily reacts to product trivalent compounds. Its halides (AlF_3 , $AlCl_3$, $AlBr_3$ and AlI_3) are common examples.
- Describe the properties of aluminum.
- Presents a variety of compounds of aluminium and the primary uses of aluminum compounds.

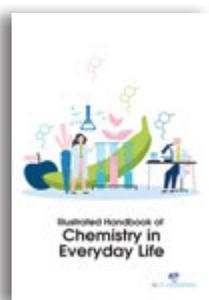

ISBN: 978-1-98466-023-7 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF IRON
AND ITS COMPOUNDS**

- It is intended to provide a general introduction to all aspects of iron chemistry for readers from a variety of different scientific backgrounds.
- Presents a variety of compounds of iron and the primary uses of iron compounds.

ISBN: 978-1-98466-024-4 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF
CHEMISTRY IN EVERYDAY LIFE**

- Offers an introduction to chemical concepts through the examination of real life processes.
- Basic chemical principles are covered and related to larger topics that may include the chemistry of water and the atmosphere, energy sources, natural and man-made materials and environmental issues.

ISBN: 978-1-98466-029-9 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

COMPUTER AND INFORMATION SCIENCE

INFORMATION AND COMMUNICATIONS TECHNOLOGY IN EVERYDAY LIFE (BOOK WITH DVD)

- This book provides a concise introduction to both the experience and implications of information and communication technologies (ICTs) in everyday life.
- Covering a broad range of everyday life and work settings, this book provides grounded insights into the social dynamics influencing how ICTs are both shaped and experienced.

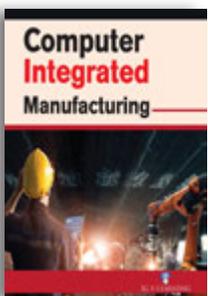

ISBN: 9781984678881 | Price: \$95 | Copyright: 2023 | Binding: Paperback

INTRODUCTION TO COMPUTER PROGRAMMING AND WEB DESIGNING

- An introductory text to Web design and programming that offers a comprehensive overview of the techniques, programs, and applications related to Web page design and programming.
- This book introduces all the concepts to get started with web application development.

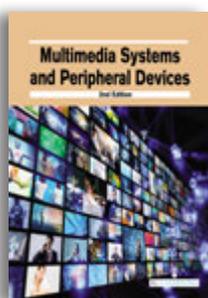

ISBN: 9781984678904 | Price: \$95 | Copyright: 2023 | Binding: Paperback

COMPUTER INTEGRATED MANUFACTURING

- The book explores manufacturing history, individual processes, systems, and careers. This reflects an integrated approach that leading manufacturers have adopted to improve safety, quality, and efficiency.
- Deepens the skills and knowledge of an engineering student within the context of efficiently creating the products all around us.

ISBN: 9781984679161 | Price: \$95 | Copyright: 2023 | Binding: Paperback

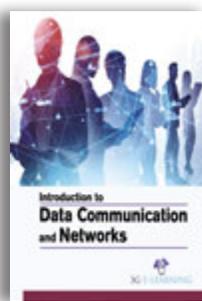

MULTIMEDIA SYSTEMS AND PERIPHERAL DEVICES (2ND EDITION)

- Multimedia technology has the potential to evolve the paradigm of end user computing, from the interactive text and graphics model that has developed since the 1950s.
- Presents fundamental characteristics and properties of multimedia operating and communication systems.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679499 | Price: \$95 | Copyright: 2023 | Binding: Paperback

INTRODUCTION TO DATA COMMUNICATION AND NETWORKS

- This book deals with the concepts of Data Communication, Data Representation Layered Tasks, TCP/IP Protocol Suite, Physical Layer and Media, Transmission Impairment, Multiplexing, Data Link Layer.
- Thoroughly updated for currency, this book offers a clear presentation of data communications and network fundamentals.

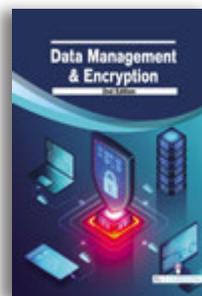

ISBN: 9781984678898 | Price: \$95 | Copyright: 2023 | Binding: Paperback

COMPUTER SYSTEMS APPLICATION

- This book is designed to equip the students with basic knowledge of computers and its system.
- This book provides the students not just the knowledge about the fundamentals of a computer system, like its organization, memory management and hardware devices, but also the software that run on it.

ISBN: 9781984679154 | Price: \$95 | Copyright: 2023 | Binding: Paperback

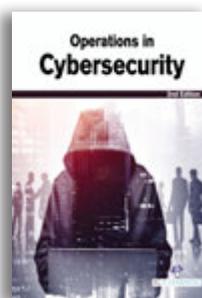

DATA MANAGEMENT & ENCRYPTION (2ND EDITION)

- You will learn the inner workings of cryptographic systems and how to correctly use them in real-world applications.
- Covering classical cryptography, modern cryptography, and steganography, this book details how data can be kept secure and private.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679482 | Price: \$95 | Copyright: 2023 | Binding: Paperback

OPERATIONS IN CYBERSECURITY (2ND EDITION)

- Introduces students to the interdisciplinary field of cybersecurity by discussing the evolution of information security into cybersecurity, cybersecurity theory, and the relationship of cybersecurity to nations, businesses, society, and people.
- This book provides insight into a range of data science techniques for addressing these pressing concerns.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679505 | Price: \$95 | Copyright: 2023 | Binding: Paperback

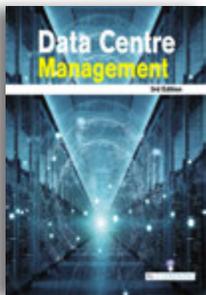

EDITION ③

INFORMATION SECURITY (3RD EDITION)

- This book is a pragmatic guide to information assurance for students taking a course in information technology.
- Provides you with fundamental knowledge of information security in both theoretical and practical aspects.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679598 | Price: \$95 | Copyright: 2023 | Binding: Paperback

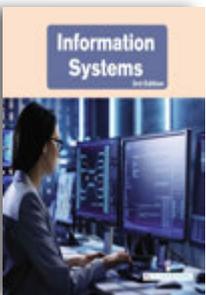

EDITION ③

DATA CENTRE MANAGEMENT (3RD EDITION)

- Covers essential and recent development in the engineering and management of data centers.
- This edition will teach readers the basic concepts behind the design and scaling of server farms using data center and content switching technologies.
- The edition is revised and updated with the latest information and new chapters are added. This updated edition offers students real advice in navigating the ever-changing academic landscape.

ISBN: 9781984679611 | Price: \$95 | Copyright: 2023 | Binding: Paperback

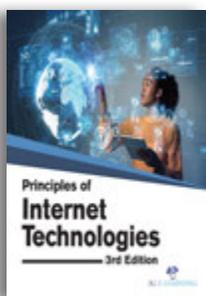

EDITION ③

INFORMATION SYSTEMS (3RD EDITION)

- This fully revised edition covers various aspects of information systems, including enterprise resource planning, customer relationship management, and supply chain management systems.
- Highlights the most important methods for information systems acquisition development, such as process modeling and systems acquisition design.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

ISBN: 9781984679635 | Price: \$95 | Copyright: 2023 | Binding: Paperback

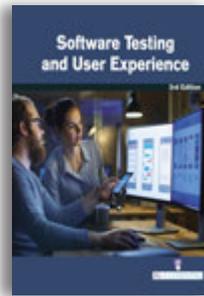

EDITION ③

PRINCIPLES OF INTERNET TECHNOLOGIES (3RD EDITION)

- This fully revised edition provides the most thorough examination of Internet technologies and applications in a variety of related fields.
- Introduces those technologies and is aimed at the Internet user who wishes to understand the technologies on which much of today's business and recreational computing is based.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679659 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

SOFTWARE TESTING AND USER EXPERIENCE (3RD EDITION)

- The hardware and software of computing have changed markedly in the three decades.
- Fully updated throughout, includes revised material on software testing, pragmatic view of testing, addressing emerging areas like extreme testing and ad hoc testing.
- Some new chapters covering current topics are also added in this revised edition.

ISBN: 9781984679604 | Price: \$95 | Copyright: 2023 | Binding: Paperback

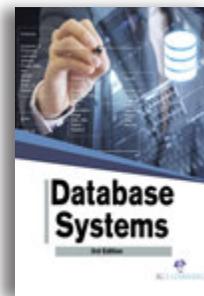

EDITION ③

PROJECT AND PROGRAMME MANAGEMENT (3RD EDITION)

- In this fully revised edition, this book provides authoritative guidance and advice, templates, concepts, systems and approaches on every aspect of successful programme management.
- Describes the skills and capabilities that organizations need to develop in order to manage change programmes effectively. This is an easy book to dip into to how to improve the project and programme management competences.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers and some new chapters are added in this edition.

ISBN: 9781984679628 | Price: \$95 | Copyright: 2023 | Binding: Paperback

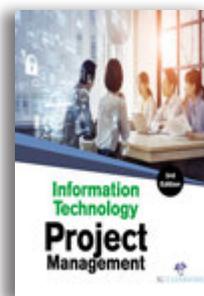

EDITION ③

DATABASE SYSTEMS (3RD EDITION)

- This fully revised edition provides students a systematic introduction to and an in-depth treatment of these advanced database areas for understanding recent innovations in the field.
- This 3rd edition will teach readers the recent and emerging technologies in the field of database technology.
- The edition is revised and updated with the latest information and new chapters are added. This updated edition offers students real advice in navigating the ever-changing academic landscape.

ISBN: 9781984679642 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

INFORMATION TECHNOLOGY PROJECT MANAGEMENT (3RD EDITION)

- Fully updated throughout, includes revised material on the growing trends, issues, and applications of technology project management.
- Weaves theory with successful practices for an integrated focus on the concepts, tools, and techniques that are most effective today.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679666 | Price: \$95 | Copyright: 2023 | Binding: Paperback

COMPUTER AND INFORMATION SCIENCE

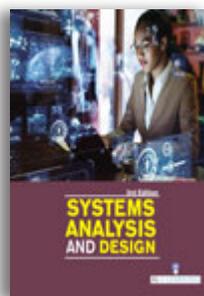

EDITION ③

INFORMATION TECHNOLOGY SERVICE MANAGEMENT (3RD EDITION)

- With concise explanations and detailed illustrations, this edition includes extensive revisions of the material on the basics of IT service management and its implementation and interpretation in an easy, self-study approach.
- The 3rd edition is revised and updated with the latest information and new chapters are added.
- This updated edition offers students real advice in navigating the ever-changing academic landscape.

ISBN: 9781984679673 | Price: \$95 | Copyright: 2023 | Binding: Paperback

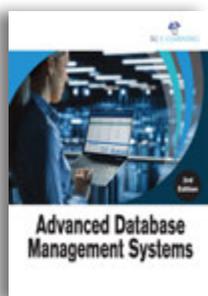

EDITION ③

SYSTEMS ANALYSIS AND DESIGN (3RD EDITION)

- This fully revised edition has been thoroughly updated with substantial additions including with planning the development of information systems through understanding and specifying in detail what a system should do
- This book gives you the tools to learn practice, and perfect your skills in systems analysis and design.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679680 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

ADVANCED DATABASE MANAGEMENT SYSTEMS (3RD EDITION)

- This fully revised edition is intended to provide an organized introduction to and an in-depth treatment of these advanced database areas.
- With concise explanations and detailed illustrations, this edition includes extensive revisions of the material of basic concepts, methods and techniques, as well as important issues and trends across the broad.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

ISBN: 9781984679697 | Price: \$95 | Copyright: 2023 | Binding: Paperback

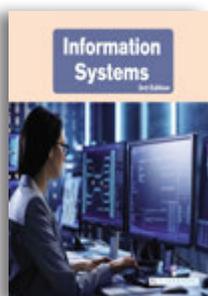

EDITION ③

COMPUTER SERVICES MANAGEMENT (3RD EDITION)

- This fully revised edition deals with some of the problems that have confronted those in charge of computer services. Teaches the practices and principles needed to build, upgrade, and troubleshoot your PC.
- Fully updated throughout, includes revised material on the computer usage in business organizations with specific reference to commercial data processing systems.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679703 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

KNOWLEDGE BASED SYSTEMS (3RD EDITION)

- Provides the coverage of both the theory and the practical applications of knowledge-based systems.
- Focusing on fundamental scientific and engineering issues, this book communicates the principles of building and using knowledge systems from the conceptual standpoint as well as the practical.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679710 | Price: \$95 | Copyright: 2023 | Binding: Paperback

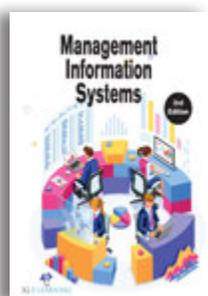

EDITION ③

OBJECT ORIENTED PROGRAMMING (3RD EDITION)

- Fully updated throughout, includes revised material on fundamentals of Object Oriented Programming.
- Provides a unique overview of the main approaches to object-oriented languages.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679727 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

MANAGEMENT INFORMATION SYSTEMS (3RD EDITION)

- Fully updated throughout, includes revised material on the structure of MIS and shows how to use them to aid in decision making, determine accountability, manage personnel, and identify information needs.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984679734 | Price: \$95 | Copyright: 2023 | Binding: Paperback

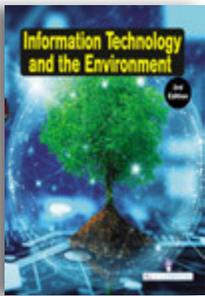

EDITION ③

INFORMATION TECHNOLOGY AND THE ENVIRONMENT (3RD EDITION)

- This 3rd edition will teach readers the nature and the impact of the new information and communication technologies on business and society.
- The edition is revised and updated with the latest information and new chapters are added. This updated edition offers students real advice in navigating the ever-changing academic landscape.
- Suitable for undergraduate students, willing to build a solid foundation of the information technology skills needed at the workplace.

ISBN: 9781984679741 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ③

INFORMATION TECHNOLOGY AND THE ENVIRONMENT (3RD EDITION)

- This 3rd edition will teach readers the nature and the impact of the new information and communication technologies on business and society.
- The edition is revised and updated with the latest information and new chapters are added. This updated edition offers students real advice in navigating the ever-changing academic landscape.
- Suitable for undergraduate students, willing to build a solid foundation of the information technology skills needed at the workplace.

ISBN: 9781984679741 | Price: \$95 | Copyright: 2023 | Binding: Paperback

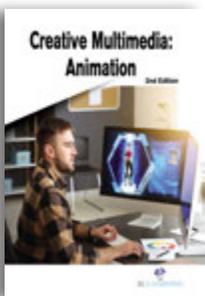

EDITION ③

CYBER SECURITY (3RD EDITION)

- With concise explanations and detailed illustrations, this edition includes extensive revisions of the material on the essentials of Cybersecurity, even if you have a non-technical background.
- This revised edition has been thoroughly updated with substantial additions including the challenges of cyberspace in an interdependent world and at the need for new, cooperative modes of governance to build cyber security.
- Some new chapters covering current topics are also added in this revised edition.

ISBN: 9781984679765 | Price: \$95 | Copyright: 2023 | Binding: Paperback

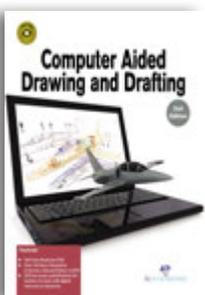

EDITION ②

CREATIVE MULTIMEDIA: ANIMATION (2ND EDITION)

- A guide to the fundamental principles of animation covers figurative animation, timing, acting, and design, animals in motion, sound synchronization, and technical issues.
- This classic book familiarizes students with overall process of producing digital work art, particularly in 2D and 3D.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680006 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ②

COMPUTER AIDED DRAWING AND DRAFTING (2ND EDITION) (BOOK WITH DVD)

- Teaches advanced computer-aided drafting concepts and equipment designed to develop a general understanding of components of a typical CAD system and its operation.
- Examines interactive computer graphics and its use in designing industrial robots, computer control of manufacturing processes, computer-integrated production control, automated inspections, and flexible manufacturing.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680136 | Price: \$95 | Copyright: 2023 | Binding: Paperback

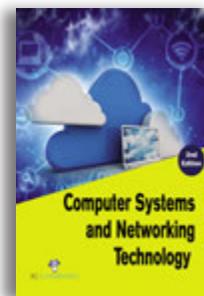

EDITION ③

WEB ENGINEERING (3RD EDITION)

- This revised edition has been thoroughly updated with substantial additions including the innovative aspects of web engineering which will be crucial for the holistic understanding of the subject matter.
- The edition is revised and updated with the latest information and new chapters are added. This updated edition offers students real advice in navigating the ever-changing academic landscape.
- A must-have book for all those students who are associated with the field of Web engineering.

ISBN: 9781984679758 | Price: \$95 | Copyright: 2023 | Binding: Paperback

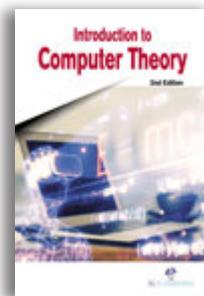

EDITION ②

COMPUTER SYSTEMS AND NETWORKING TECHNOLOGY (2ND EDITION)

- Today, networking is an integral part of the computer and so the book introduces basic networking techniques and communications principles.
- Provides the skills required to configure, install, manage, and administer computer systems and basic network infrastructures.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679994 | Price: \$95 | Copyright: 2023 | Binding: Paperback

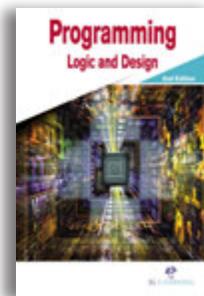

EDITION ②

INTRODUCTION TO COMPUTER THEORY (2ND EDITION)

- Presents the key concepts and theorems of the theory of computation.
- Covers the fundamental areas of computer theory-formal languages, automata theory, and Turing machines.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680051 | Price: \$95 | Copyright: 2023 | Binding: Paperback

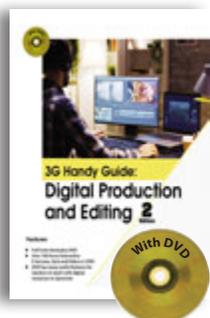

EDITION ②

PROGRAMMING LOGIC AND DESIGN (2ND EDITION)

- Covers the fundamentals of programming logic, design and implementation.
- Examines problem-solving techniques applied to program design; giving students an understanding of how languages work to implement the programmer's logic and design.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680143 | Price: \$95 | Copyright: 2023 | Binding: Paperback

COMPUTER AND INFORMATION SCIENCE

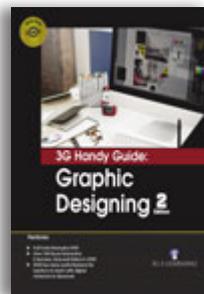

3G HANDY GUIDE: DIGITAL PRODUCTION AND EDITING (BOOK WITH DVD) (2ND EDITION)

- This innovative, practical guide is specifically designed to cater to these training demands, covering the entire spectrum of modern print media production. This is the source for everything you need to bring your ideas from the page to the screen.
- This handy guide covers all aspects of movie making. Techniques for making dramatic features, documentaries, corporate, broadcast, and experimental videos and films are illustrated.

EDITION ②

- In its updated second edition, this guide has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680754 | Price: \$90 | Copyright: 2023 | Binding: Paperback

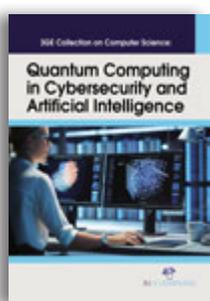

3G HANDY GUIDE: GRAPHIC DESIGNING (BOOK WITH DVD) (2ND EDITION)

- Completely updates the information on the production process, highlighting new techniques and expanding its coverage on digital technologies.
- This book offers learners, novice designers, and battle-toughened professionals alike an insider's guide to the complexities of current graphic design practice and thinking.

EDITION ②

- In its updated second edition, this guide has been extensively revised on a chapter by chapter basis.

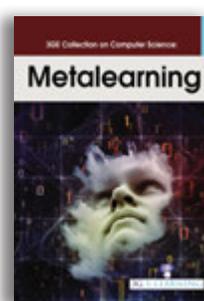

ISBN: 9781984680778 | Price: \$90 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON COMPUTER SCIENCE: QUANTUM COMPUTING IN CYBERSECURITY AND ARTIFICIAL INTELLIGENCE

- This book provides an advanced understanding of cyber threats as well as the risks companies are facing.
- Provides an introduction to the field, including the unique characteristics and constraints of the technology, and assesses the feasibility and implications of creating a functional quantum computer operations.

ISBN: 9781984680976 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON COMPUTER SCIENCE: METALEARNING

- Discusses several approaches to obtaining knowledge concerning the performance of machine learning and data mining algorithms.
- Covers advanced deep learning topics used for learning to learn, including: automated machine learning, meta-learning, deep learning on graphs, transformers, knowledge graphs, symbolic regression, program induction, Bayesian learning, and deep reinforcement learning.

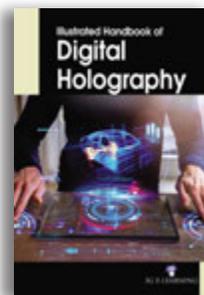

ISBN: 9781984680983 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON COMPUTER SCIENCE: 6GN FOR FUTURE WIRELESS NETWORKS

- Focuses on the design and evaluation of a wireless system architecture appropriate for high-performance control systems with a large number of sensors and actuators.
- Address topics in 5G/6G technologies and challenges in the cellular-driven modern network systems and measurement.

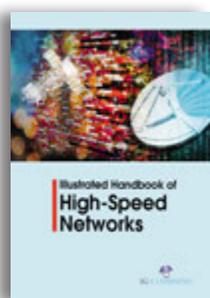

ISBN: 9781984680990 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF DIGITAL HOLOGRAPHY

- This book presents a substantial description of the principles and applications of digital holography.
- Special techniques such as digital light-in-flight holography, holographic endoscopy, information encrypting, comparative holography, and related techniques of speckle metrology are also treated.

ISBN: 9781984681256 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF HIGH-SPEED NETWORKS

- These are the protocol related aspects, such as switched networks, ATM, MAC layer, network and transport layer; and the services and applications.
- A high-level overview of cutting-edge network and Intranet design, this book focuses on high-speed technologies like routing for multimedia, how to manage traffic flow, and compression techniques for maximizing throughput.

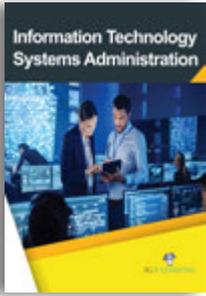

ISBN: 9781984681263 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF SOFTWARE DESIGN

- Covers design fundamentals, including concepts, context and processes.
- Also presents key design issues; structure and architecture; user interface design; design quality analysis and evaluation; notations; strategies and design tools.

ISBN: 978-1-98466-022-0 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

INFORMATION TECHNOLOGY SYSTEMS ADMINISTRATION

- Systems administration is the field of IT that is responsible for maintaining reliable computers systems in a multi-user environment.
- Will learn how to manage and configure servers and how to use industry tools to manage computers, user information, and user productivity.

ISBN: 978-1-98465-854-8 | Price: \$90 | Copyright: 2022 | Binding: Paperback

SOFTWARE DESIGN (2ND EDITION)

- The book continues a complete understanding of software engineering as an engineering discipline.
- This book introduces you to software engineering — from the application of engineering principles to the development of software.
- This revised edition of Software Design has become more comprehensive with the inclusion of several topics.

EDITION ②

ISBN: 978-1-98465-891-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

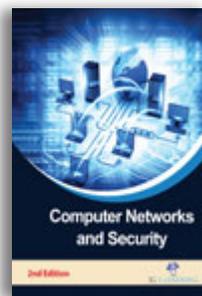

OPERATING SYSTEMS (2ND EDITION)

- The book has been revised to keep pace with the latest technology and constantly revising topics.
- Examines the both the principles and practice of modern operating systems.
- Intends to provide a proper understanding of the theoretical and practical concepts of Operating system. Introduces the core concepts of operating systems, such as processes and threads, scheduling, synchronization, memory management, file systems, input and output device management and security.

EDITION ②

ISBN: 978-1-98465-892-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

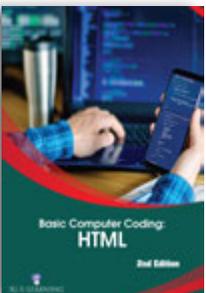

COMPUTER NETWORKS AND SECURITY (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Continues with the principles and practice of computer networking, with emphasis on the network security.
- Covers about computer network organization and implementation, obtaining a theoretical understanding of data communication and computer networks, and gaining practical experience in installation, monitoring, and troubleshooting of current LAN systems.

EDITION ②

ISBN: 978-1-98465-893-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

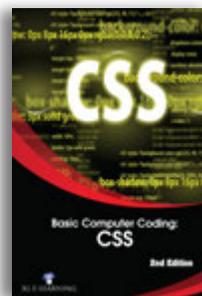

BASIC COMPUTER CODING: HTML (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Demonstrates the basics of HTML while explaining how to design Web sites, format text, add multimedia effects, and create forms, tables, lists, and style sheets.
- This book is intended for Web designers and programmers' online editors and content editors marketing & e-commerce managers Bloggers and hobbyists.

EDITION ②

ISBN: 978-1-98465-894-4 | Price: \$85 | Copyright: 2022 | Binding: Paperback

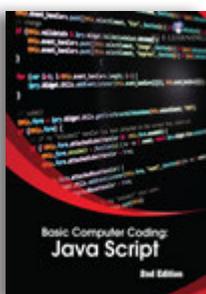

BASIC COMPUTER CODING: CSS (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- This book provides the most modern and effective tips, tricks, and instructions on CSS available today. Provides the most handy and up-to-date listing available on CSS compatibility across browsers and operating systems so Webmasters can finally know which CSS properties are safe to use.

EDITION ②

ISBN: 978-1-98465-895-1 | Price: \$85 | Copyright: 2022 | Binding: Paperback

BASIC COMPUTER CODING: JAVASCRIPT (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Provides information on using JavaScript, jQuery, and HTML5 Canvas to create Web applications for desktop and mobile devices.
- A valuable resource for Webmasters presents a number of readyto go JavaScript applications, along with thorough documentation, to help provide additional functionality to Web sites of all kinds.

EDITION ②

ISBN: 978-1-98465-896-8 | Price: \$85 | Copyright: 2022 | Binding: Paperback

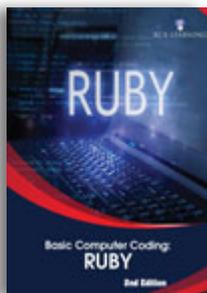

BASIC COMPUTER CODING: PYTHON (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- A comprehensive, in-depth discussion to the core Python language with this hands-on book.
- This book contains cross-platform coverage for the Mac, Windows, and Unix environments as it teaches techniques for cookies, session management, and integration with XML.

EDITION ②

ISBN: 978-1-98465-897-5 | Price: \$85 | Copyright: 2022 | Binding: Paperback

EDITION ②

BASIC COMPUTER CODING: RUBY (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- This book will excite students on the capabilities of computer programming and inspire them to delve deeper into the computer science discipline with an introduction to a time-saving programming language—Ruby.
- The book focuses on the features of Ruby, including such topics as strings, class hierarchies, arrays and hashes, loops, methods, exception handling, symbols, YAML, and debugging.

ISBN: 978-1-98465-898-2 | Price: \$85 | Copyright: 2022 | Binding: Paperback

EDITION ②

BASIC COMPUTER CODING: SQL (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- In this book, you'll quickly learn how to put the power and flexibility of this language to work.
- Providing an overview of the SQL language and surveys how it is integral for the storage and retrieval of database information, this book guides the readers through the most important aspects of declarative and procedural SQL.

ISBN: 978-1-98465-899-9 | Price: \$85 | Copyright: 2022 | Binding: Paperback

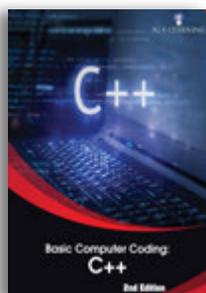

EDITION ②

BASIC COMPUTER CODING: RESPONSIVE DESIGN (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- This book is intended to show real-world examination of how this fundamental shift affects the way we design and build our sites.
- Design workflow hasn't actually changed, but best practices have. This book will give an overview about responsive Web design, showing many situations and techniques in which this approach can be applied to.

ISBN: 978-1-98465-900-2 | Price: \$85 | Copyright: 2022 | Binding: Paperback

EDITION ②

BASIC COMPUTER CODING: C++ (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- Focusing on C++, the text also incorporates material on the C programming language.
- Covers the programming language, covering topics including syntax, coding standards, object classes, templates, debugging, and the C++ preprocessor.

ISBN: 978-1-98465-901-9 | Price: \$85 | Copyright: 2022 | Binding: Paperback

EDITION ②

BASIC COMPUTER CODING: PHP (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- A guide to PHP essentials and the basics of object-oriented programming, this book explains how to develop dynamic Web applications, such as guest books, chat rooms, and shopping carts.
- This book portrays how PHP, MySQL, JavaScript, and HTML5 are vital tools for creating dynamic, database-driven websites and are especially important for e-commerce sites. Serves as essential reading for web designers who are new to these technologies.

ISBN: 978-1-98465-902-6 | Price: \$85 | Copyright: 2022 | Binding: Paperback

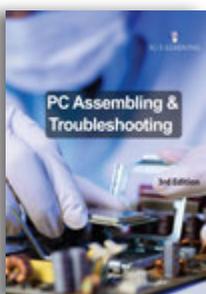

EDITION ②

BASIC COMPUTER CODING: VISUAL BASIC (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- This book is an essential guide for VB programmers looking to make the change to the .NET programming environment.
- This book will guide you from your very first steps through to complete mastery of Visual Basic .NET.

ISBN: 978-1-98465-903-3 | Price: \$85 | Copyright: 2022 | Binding: Paperback

EDITION ③

PC ASSEMBLING & TROUBLESHOOTING (3RD EDITION)

- This third edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides an introduction to PC architecture and basic troubleshooting skills.
- Special coverage of laptops, printers and scanners makes this book highly modernized.

ISBN: 978-1-98465-905-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ③

COMPUTER ORGANIZATION (3RD EDITION)

- This third edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- An introduction to computer systems; the representation of information; unsigned binary representations; signed integer representations; signed integer representations; character data type; floating-point representations and other data.
- Presents comprehensive coverage of the field of computer organization and architecture.

ISBN: 978-1-98465-904-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ②

MOBILE APPLICATIONS DEVELOPMENT TECHNOLOGIES (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- Covers advanced algorithms, embedded systems, novel mobile app architecture, and mobile cloud computing paradigms.
- This book will guide you over the process of building an application and customizing it with the benefit of lucid instructions on development, configuration, and administration.

ISBN: 978-1-98465-906-4 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ②

COMPUTER HARDWARE & SOFTWARE TOOLS (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- Offers concepts of computer networking and hardware by offering fundamental concepts.
- Provides a complete survey of the computer technologies necessary for achieving basic technology literacy and sets you on the path to career success.

ISBN: 978-1-98465-907-1 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ②

ADVANCE DIGITAL ENHANCEMENT (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Presents the fundamentals of digital enhancement techniques.
- Discusses some of the advanced algorithms in the field of digital image and video processing.
- Evaluates conventional and advanced visible image enhancement solutions to produce digital image processing.

ISBN: 978-1-98465-908-8 | Price: \$95 | Copyright: 2022 | Binding: Paperback

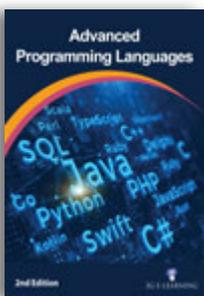

EDITION ②

COMPUTER APPLICATIONS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Describes and brings together a range of computer applications in architecture.
- Addresses issues such as effective use of software in language teaching, values and limitations of computer-assisted testing.

ISBN: 978-1-98465-909-5 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ②

ADVANCED PROGRAMMING LANGUAGES (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Describes fundamental concepts of programming languages by presenting design issues of the various language constructs.
- Provides a comprehensive introduction both to type systems in computer science and to the basic theory of programming languages.

ISBN: 978-1-98465-910-1 | Price: \$95 | Copyright: 2022 | Binding: Paperback

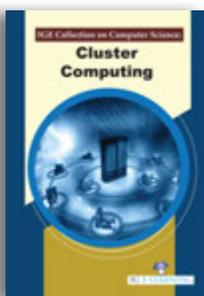

EDITION ②

COMPUTER SYSTEMS & ARCHITECTURE (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Provides the basic knowledge necessary to understand the hardware operation of digital computer.
- Describes a wide range of computer hardware, system software and data concepts from a security perspective.

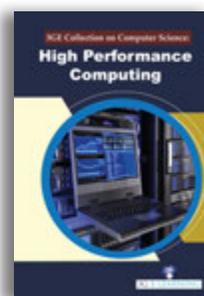

ISBN: 978-1-98465-911-8 | Price: \$95 | Copyright: 2022 | Binding: Paperback

ISBN: 978-1-98465-993-4 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON COMPUTER SCIENCE: CLUSTER COMPUTING

- The book focuses on a number of topics, including system architecture, programming environments and languages, the design of algorithms, and applications.
- This book will investigate clusters of computers as a computing platform for distributed computing.

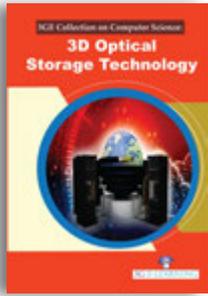

ISBN: 978-1-98465-994-1 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON COMPUTER SCIENCE: HIGH PERFORMANCE COMPUTING

- This book presents advances in high performance computing as well as advances accomplished using high performance computing.
- The aim of this book is to give the solid foundations for developing, analyzing, and implementing parallel and locality-efficient algorithms.

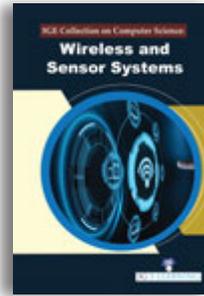

COMPUTER AND INFORMATION SCIENCE

3GE COLLECTION ON COMPUTER SCIENCE: 3D OPTICAL STORAGE TECHNOLOGY

- 3D optical data storage is an experimental storage technology is predicted to offer exponentially more storage capacity than today's data storage technologies.
- This book will provide an overview of 3D optical data storage, a leap forward from CD-ROMs and DVD data storage.

ISBN: 978-1-98465-995-8 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON COMPUTER SCIENCE: WIRELESS AND SENSOR SYSTEMS

- Typically a wireless sensor network contains hundreds of thousands of sensor nodes.
- This book discusses the fundamentals aspects and reviews the state of the artwork on wireless detection technology.

ISBN: 978-1-98465-996-5 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

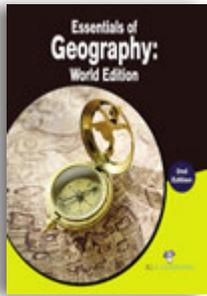

ILLUSTRATED HANDBOOK OF DIGITAL GAMES

- Provides students with experiences and instruction in applying the fundamental skills and techniques in game development.
- Students will apply both creative and technical skills into design and refine in addition to implementing the adventure.
- Explores social and structural issues within games and game-playing behavior

ISBN: 978-1-98466-021-3 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

EARTH AND ENVIRONMENTAL SCIENCE

EDITION ②

ESSENTIALS OF GEOGRAPHY: WORLD EDITION (2ND EDITION)

- Offers readers a short and highly accessible account of the ideas and concepts constituting geography.
- Outlines key concepts, introduces modern geographical theory in an accessible format and reflects the changing nature of the subject.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680679 | Price: \$95 | Copyright: 2023 | Binding: Paperback

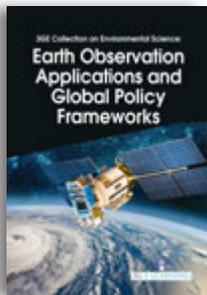

EDITION ②

EARTH SCIENCE: WORLD EDITION (2ND EDITION)

- Covers a broad range of topics, including weather patterns, monitoring for pre-earthquake signals, using earthquakes to uncover new information about the earth system.
- The book is intended to be a meaningful, non-technical survey for undergraduate students with little background in science.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

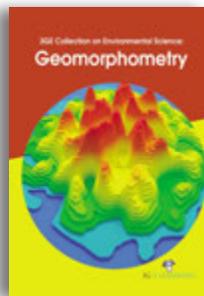

ISBN: 9781984680686 | Price: \$95 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: EARTH OBSERVATION APPLICATIONS AND GLOBAL POLICY FRAMEWORKS

- Over the past decades, rapid developments in digital and sensing technologies, such as the Cloud, Web and Internet of Things, have dramatically changed the way we live and work.
- This book presents different aspects of climate change and discusses space technology applications.

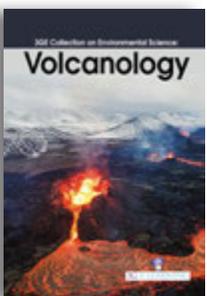

ISBN: 9781984681003 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: GEOMORPHOMETRY

- The book covers geomorphological theories, weathering, slope processes, soil erosion, fluvial and glacial processes and landforms, applied geomorphology, mountain building, rates of landscape change, supercontinent breakup, ocean islands and megafloods.
- It also offers detailed instructions on applying parameters and objects in soil, agricultural, environmental and earth sciences.

ISBN: 9781984681010 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: VOLCANOLOGY

- Examines the Earth, its structure, formation, composition, history, processes, hazards and materials, with emphasis on volcanic processes.
- Covers a range of topics which may include looking at rocks, minerals and fossils and a variety of geological processes.

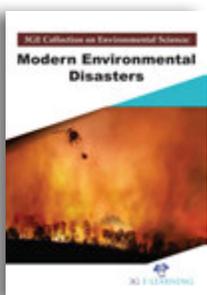

ISBN: 9781984681027 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: FOSSIL FUELS IN THE 21ST CENTURY

- Fossil fuels are being exhausted faster than new sources are being discovered, and these two crucial issues are central to the energy crisis.
- Presents an overview of the importance of fossil fuels in supplying the energy, the energy requirements of the 21st century, their present status and future trends.
- Presents the impact of their use on global world.

ISBN: 978-1-98465-999-6 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: MODERN ENVIRONMENTAL DISASTERS

- Aimed to provide a thoroughly balanced, contemporary introduction to hazards analysis and mitigation strategies.
- This book is designed as an introductory text for an interdisciplinary course on hazards for undergraduate and graduate students.

ISBN: 978-1-98465-997-2 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

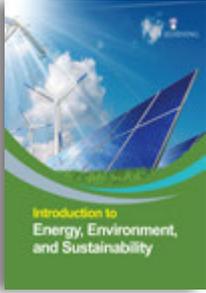

3GE COLLECTION ON ENVIRONMENTAL SCIENCE: OVERGRAZING AND ENVIRONMENTAL IMPACT

- Overgrazing typically increases soil erosion. Reduction in soil depth, soil organic matter and soil fertility impair the land's future natural and agricultural productivity.
- This book signifies a serious environmental challenge in maintaining the natural balance of livestock on grazing lands, which reduces the productivity, usefulness, and biodiversity of the land.

ISBN: 978-1-98465-998-9 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

EARTH AND ENVIRONMENTAL SCIENCE

INTRODUCTION TO ENERGY, ENVIRONMENT, AND SUSTAINABILITY

- Introduces students to the concept of sustainable practices in the areas of energy and consumption.
- The book provides students with an understanding of historical practices that have impacted the current state of the environment.
- Comprehensive knowledge of production and utilization of energy and Environmental impact and society development.

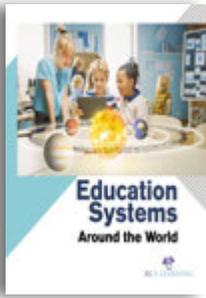

ISBN: 978-1-98465-847-0 | Price: \$90 | Copyright: 2022 | Binding: Paperback

GLOBAL ENVIRONMENTAL ISSUES

- Provides an investigation of the scientific principles behind global environmental issues.
- Examines a set of global environmental issues including population growth, ozone layer depletion, climate change, air pollution, the environmental consequences of energy supply and demand decisions and sustainable development.

ISBN: 978-1-98465-849-4 | Price: \$90 | Copyright: 2022 | Binding: Paperback

EDUCATION SYSTEMS AROUND THE WORLD

- It focuses on the material and economic pre conditions for schooling and learning as well as on the diffusion of educational systems and institutions through borrowing and transfer.
- The book also highlights the functions and aims assigned to education in different political systems.

ISBN: 9781984679093 | Price: \$95 | Copyright: 2023 | Binding: Paperback

CAREER DEVELOPMENT AND COUNSELING

- The purpose of this book is to provide students with an understanding of career development and the role of the career counselor.
- The book is designed to examine theories of career development and decision making, sources of occupational information and methods of career counseling, assessment and program planning.

ISBN: 9781984679178 | Price: \$95 | Copyright: 2023 | Binding: Paperback

FUNDAMENTAL ASPECTS LEARNERS WITH SPECIAL NEEDS

- With the help of this book, educators will be inspired to teach students with disabilities in inclusive settings and be properly equipped to do so effectively.
- Provides a good description of the special educational needs of different categories of students, the challenges confronted by special education teachers and specific strategies to be adopted to help the students.

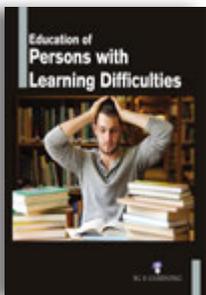

ISBN: 9781984679185 | Price: \$95 | Copyright: 2023 | Binding: Paperback

INTRODUCTION TO SPECIAL NEEDS AND INCLUSIVE EDUCATION

- Demonstrates how the fields of special education and inclusive education have evolved philosophically and technically over the past years.
- Discusses these issues and challenges against the background of the existing educational system.

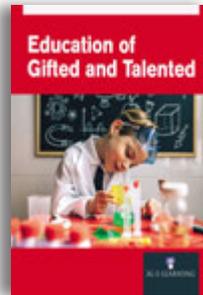

ISBN: 9781984679192 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDUCATION OF PERSONS WITH LEARNING DIFFICULTIES

- Addresses learning disabilities, the practices, processes, and systems described may be also used to improve the identification of other disabilities commonly encountered in schools.
- This book explores the epidemiology, neurobiological bases, and diagnostic tools necessary for a comprehensive assessment of children with learning disabilities.

ISBN: 9781984679208 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDUCATION OF GIFTED AND TALENTED

- Provides a comprehensive overview of key challenges in the field of gifted education.
- Featuring coverage on a broad range of topics, such as constructivism, diversity responsive method, and teacher training.

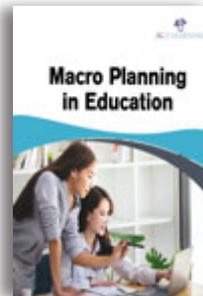

ISBN: 9781984679215 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ASSESSMENT OF CHILDREN WITH SPECIAL NEEDS

- Addresses learning disabilities, the practices, processes, and systems described may be also used to improve the identification of other disabilities commonly encountered in schools.
- This book aims to emphasize assessment in the service of prevention, of teaching, and of mainstreaming and integration.

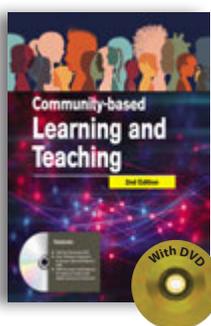

ISBN: 9781984679222 | Price: \$95 | Copyright: 2023 | Binding: Paperback

MACRO PLANNING IN EDUCATION

- Macro-planning in education focuses on the broad dimensions of the system and its relationships with the economy and society.
- Highlights the current ideas about the what, why and how of educational change and what these suggest about the essential issues that change policy makers and planners need to consider.

ISBN: 9781984679239 | Price: \$95 | Copyright: 2023 | Binding: Paperback

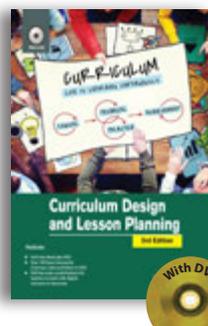

EDITION ②

COMMUNITY-BASED LEARNING AND TEACHING (2ND EDITION) (BOOK WITH DVD)

- Community-based learning refers to a wide variety of instructional methods and programs that educators use to connect what is being taught in schools to their surrounding communities, including local institutions, history, literature, cultural heritage, and natural environments.
- This book will cover the theory and practice of using CBR in a variety of university- and community-based educational settings.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679512 | Price: \$95 | Copyright: 2023 | Binding: Paperback

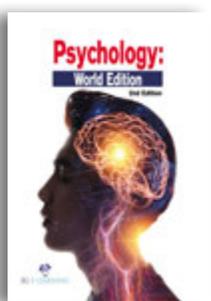

EDITION ③

CURRICULUM DESIGN AND LESSON PLANNING (3RD EDITION) (BOOK WITH DVD)

- This book introduces students to the ideas and procedures involved in curriculum development, innovation and evaluation.
- An understanding of how curriculum design facilitates student-learning opportunities will be examined.
- In its updated third edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984679529 | Price: \$95 | Copyright: 2023 | Binding: Paperback

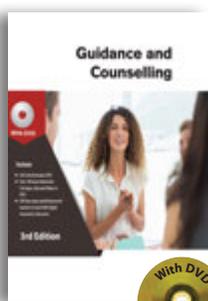

EDITION ②

PSYCHOLOGY: WORLD EDITION (2ND EDITION)

- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.
- Presents an overview of the latest information on various topics in psychology, such as cognition, motivation, learning, memory, and abnormal psychology.
- Discusses psychology in the light of its historical development, some of the major controversies, and considers such areas as social, developmental and cognitive psychology.

ISBN: 9781984680693 | Price: \$95 | Copyright: 2023 | Binding: Paperback

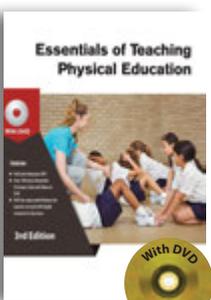

EDITION ③

GUIDANCE AND COUNSELLING (3RD EDITION) (BOOK WITH DVD)

- This third edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- The edition is revised and updated with the latest information and new chapters are added.
- This updated edition offers students real advice in navigating the ever-changing academic landscape.

ISBN: 978-1-98465-927-9 | Price: \$95 | Copyright: 2022 | Binding: Paperback

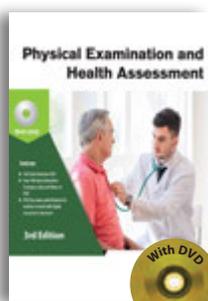

EDITION ③

ESSENTIALS OF TEACHING PHYSICAL EDUCATION (3RD EDITION) (BOOK WITH DVD)

- This third edition is revised and updated with the latest information and new chapters are added.
- This updated edition offers students real advice in navigating the ever-changing academic landscape.
- The book provides comprehensive and practical help and advice for new entrants to the profession, and concentrates on the teaching skills and professional competencies needed to become an effective teacher of physical education.

ISBN: 978-1-98465-926-2 | Price: \$95 | Copyright: 2022 | Binding: Paperback

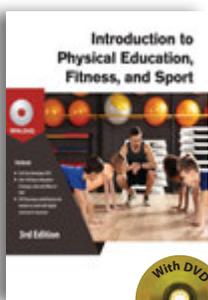

EDITION ③

PHYSICAL EXAMINATION AND HEALTH ASSESSMENT (3RD EDITION) (BOOK WITH DVD)

- This third edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- A comprehensive guide that provides all the information necessary to conduct a holistic health assessment across the life span.
- The edition is revised and updated with the latest information and new chapters are added.

ISBN: 978-1-98465-924-8 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ③

INTRODUCTION TO PHYSICAL EDUCATION, FITNESS, AND SPORT (3RD EDITION) (BOOK WITH DVD)

- This third edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- The edition is revised and updated with the latest information and new chapters are added.
- Introduces students to the fields of physical education, exercise science, and sports - presenting the history and trends in physical education.

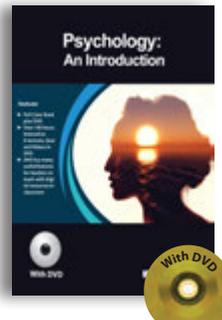

ISBN: 978-1-98465-925-5 | Price: \$95 | Copyright: 2022 | Binding: Paperback

CAREER DEVELOPMENT AND PLANNING (BOOK WITH DVD)

- The book provides foundational concepts in career planning and professional development.
- Evaluate current career management issues and their implications on professional career plans and development.

ISBN: 978-1-98465-843-2 | Price: \$90 | Copyright: 2022 | Binding: Paperback

PSYCHOLOGY: AN INTRODUCTION (BOOK WITH DVD)

- Provides an introduction to the concepts and theories of psychology and to their application to real life situations.
- Provides a comprehensive overview of the scientific study of thought and behavior.
- Examines the different models upon which modern psychology has been built, along with such things as the history and origins of psychology.

ISBN: 978-1-98465-845-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

INTRODUCTION TO HUMAN BEHAVIOUR (BOOK WITH DVD)

- Presents a clear understanding of cognitive processes and patterns of human interactions.
- Presents human history and explore how the past influences modern prejudices and social interactions.
- Covers about the schools of psychology, contemporary psychological perspectives of human behavior, and the ethics of psychological research.

ISBN: 978-1-98465-851-7 | Price: \$90 | Copyright: 2022 | Binding: Paperback

FINANCIAL COUNSELLING (BOOK WITH DVD)

- Includes study of a number of areas of law, including consumer law, credit law and bankruptcy, as well as counselling and advocacy skills.
- Gain the skills and knowledge to be able to deliver a specialist service within the community services sector.

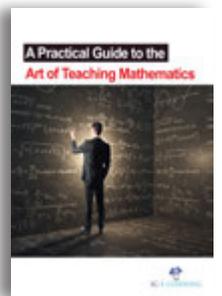

ISBN: 978-1-98465-853-1 | Price: \$90 | Copyright: 2022 | Binding: Paperback

STUDENT ENGAGEMENT TECHNIQUES

- Engaging students in the learning process increases their attention and focus, motivates them to practice higher-level critical thinking skills, and promotes meaningful learning experiences.
- Teaching strategies can be used by every educator to increase student engagement. This book presents an introduction to some actionable student-centered learning strategies—from simple to complex.

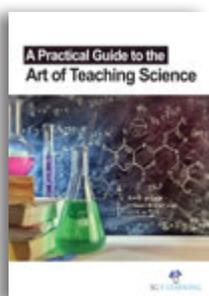

ISBN: 978-1-98465-912-5 | Price: \$90 | Copyright: 2022 | Binding: Paperback

A PRACTICAL GUIDE TO THE ART OF TEACHING MATHEMATICS

- Mathematics teaching is the act of imparting mathematical knowledge, methods, calculations, computational techniques etc. by someone (teacher) to another. It may be formal in an educational setting or informal.
- This book is designed to give the pre-service teacher an overview of the scope and sequence of mathematics instruction in the primary or secondary school.

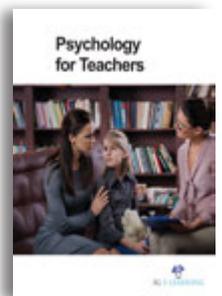

ISBN: 978-1-98465-913-2 | Price: \$90 | Copyright: 2022 | Binding: Paperback

A PRACTICAL GUIDE TO THE ART OF TEACHING SCIENCE

- This book emphasizes a humanistic, experiential, and constructivist approach to teaching and learning, and integrates a wide variety of pedagogical tools.
- Bringing in new faces can provide a new viewpoint for the students to learn from. Inspires students to construct ideas about science teaching through their interactions with peers, mentors, and instructors.

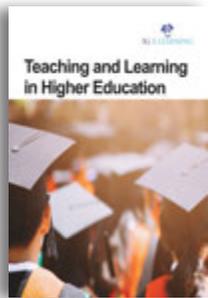

ISBN: 978-1-98465-914-9 | Price: \$90 | Copyright: 2022 | Binding: Paperback

PSYCHOLOGY FOR TEACHERS

- Introduces a range of concepts and theories from psychology and education that describe how children, adolescents and students develop, learn and study.
- It examines research and psychological theories of learning, different approaches to teaching and learning, factors that influence them, and some implications for classroom practice.
- It explores potential obstacles to learning and ways of overcoming them, in order to meet learners' needs.

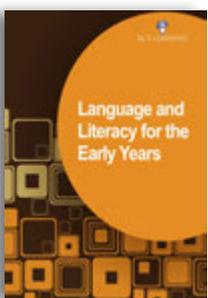

ISBN: 978-1-98465-915-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

TEACHING AND LEARNING IN HIGHER EDUCATION

- Student learning in higher education is a function of both formal and informal experiences. You will learn about the basic principles of teaching and learning in higher education.
- In this book you will be introduced to well-known educational perspectives on how students approach learning.
- Focuses on creating learner-centered experiences integrating foundational principles of equity, inclusion and internationalization in classroom and online environments.

ISBN: 978-1-98465-916-3 | Price: \$90 | Copyright: 2022 | Binding: Paperback

LANGUAGE AND LITERACY FOR THE EARLY YEARS

- Students learn literacy standards and stages of children's language development within the context of cultural, linguistic and ability diversity.
- Examines language and literacy development in children from infancy through fourth grade, including the role of English language learners and language development for exceptional learners.

ISBN: 978-1-98465-918-7 | Price: \$90 | Copyright: 2022 | Binding: Paperback

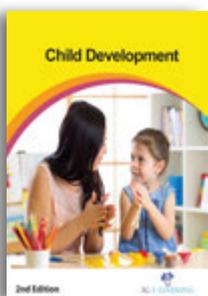

CURRICULUM DESIGN AND LESSON PLANNING (2ND EDITION) (BOOK WITH DVD)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- This book introduces students to the ideas and procedures involved in curriculum development, innovation and evaluation.
- An understanding of how curriculum design facilitates student-learning opportunities will be examined.

EDITION ②

ISBN: 978-1-98465-920-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

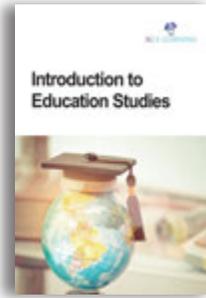

CHILD DEVELOPMENT (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Takes a chronological approach, from prenatal development to adolescence, looking at social, cognitive, emotional and physical aspects of child development.
- Subject includes an in-depth study of the inter-relatedness of physical, cognitive, social and emotional aspects of development.

EDITION ②

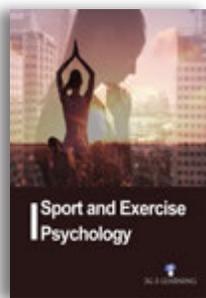

ISBN: 978-1-98465-922-4 | Price: \$95 | Copyright: 2022 | Binding: Paperback

INTRODUCTION TO EDUCATION STUDIES

- This book is designed to introduce students to important concepts and principles concerning learning, cognition, and development.
- Students will critically evaluate education policies and practices and have an opportunity to discuss and analyze different educational settings nationally and internationally.

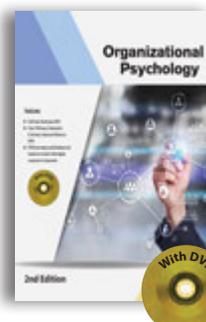

ISBN: 978-1-98465-917-0 | Price: \$90 | Copyright: 2022 | Binding: Paperback

SPORT AND EXERCISE PSYCHOLOGY

- This book examines psychological theories and research and their application to the sport/physical activity-related affect, behaviors and cognitions of participants as well as the individual and environmental factors which shape these outcomes.
- Develop an understanding of how psychological factors influence involvement and performance in sport and physical activity

ISBN: 978-1-98465-919-4 | Price: \$90 | Copyright: 2022 | Binding: Paperback

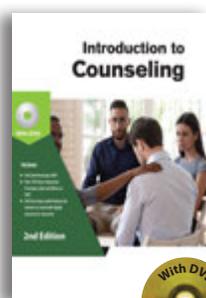

ORGANIZATIONAL PSYCHOLOGY (2ND EDITION) (BOOK WITH DVD)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Focuses on the social and psychological processes operating in organisations, containing a comprehensive history of industrial and organizational psychology, covering numerous topics in the discipline.
- Provides the student with a cutting-edge introduction to the field of work and organizational psychology.

EDITION ②

ISBN: 978-1-98465-921-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

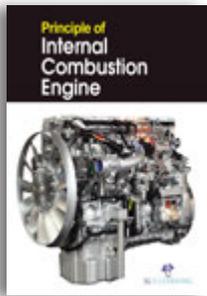

INTRODUCTION TO COUNSELING (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Deals with the application of counseling theory to the practical interview situation, the counseling process and the core elements of a facilitative counseling relationship will be examined.
- Presents a comprehensive introduction to counseling, a profession that helps individuals and groups resolve troubles arising from personal conflicts experienced in everyday life.

EDITION ②

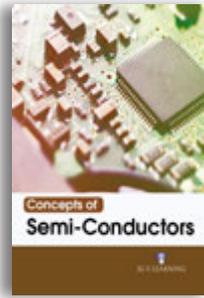

ISBN: 978-1-98465-923-1 | Price: \$95 | Copyright: 2022 | Binding: Paperback

PRINCIPLE OF INTERNAL COMBUSTION ENGINE

- Provides a comprehensive introduction to the basics of Internal Combustion Engines.
- Presents the basic theory fundamental principles and performance characteristics of the three major categories of internal combustion engines.

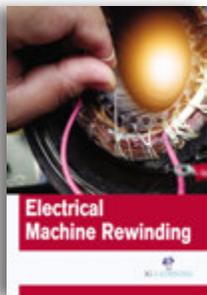

ISBN: 9781984678867 | Price: \$95 | Copyright: 2023 | Binding: Paperback

CONCEPTS OF SEMI-CONDUCTORS

- Offers an accessible guide to semiconductors using qualitative explanations and analogies, with minimal mathematics and equations.
- This book provides an overview of compound semiconductor materials and their technology.

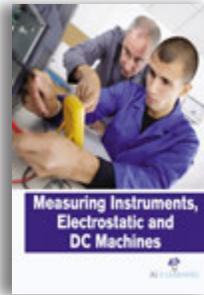

ISBN: 9781984678874 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ELECTRICAL MACHINE REWINDING

- This book presents the current coil winding methods, their associated technologies and the associated automation techniques.
- The book is suitable for fitters, engineers, apprentices, technicians, and students of mechanical or electrical engineering.

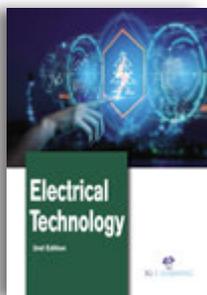

ISBN: 9781984679000 | Price: \$95 | Copyright: 2023 | Binding: Paperback

MEASURING INSTRUMENTS, ELECTROSTATIC AND DC MACHINES

- The book covers Measuring Instruments, Principle of Permanent Magnet Moving Coil (PMMC), Moving Iron Instruments, Ammeters & Voltmeters, and Operating Principles of the Electrodynamometer Instruments.
- This book combines the traditional areas of electric machinery with the latest in modern control and power electronics.

ISBN: 9781984679017 | Price: \$95 | Copyright: 2023 | Binding: Paperback

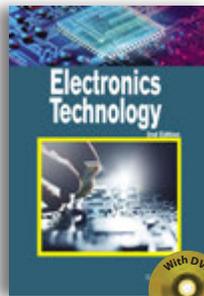

ELECTRICAL TECHNOLOGY (2ND EDITION)

- This book is designed to provide the student with an opportunity to acquire the skills, knowledge, and understanding needed to the occupation as an entry level electrician.
- The book provides a blend of theory and hands-on experience for the electrical construction and industrial maintenance fields.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679956 | Price: \$95 | Copyright: 2023 | Binding: Paperback

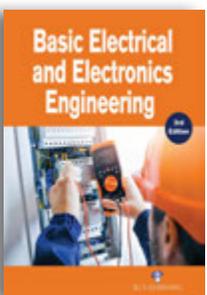

ELECTRONICS TECHNOLOGY (2ND EDITION)

- Integrates comprehensive electronic circuit theory with practical work; develop solid troubleshooting skills using modern industry-quality instruments; prepares students to work in the field of electronics.
- This book helps you understand technical vocabulary and technologies while providing the skills necessary to read schematic diagrams, apply problem-solving formulas, and provide useful information on subjects from basic components and building block circuits.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679963 | Price: \$95 | Copyright: 2023 | Binding: Paperback

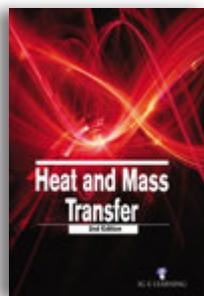

BASIC ELECTRICAL AND ELECTRONICS ENGINEERING (3RD EDITION)

- This book provides an overview of the basics of electrical and electronic engineering.
- With its simple language and clear-cut style of explanation, this revised edition presents a detailed exposition of the basic facets of electrical and electronics engineering.
- It is also intended to cover the vast and fast-growing field of electrical and electronic materials and their engineering in accordance with modern developments.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

EDITION ③

ISBN: 9781984680150 | Price: \$95 | Copyright: 2023 | Binding: Paperback

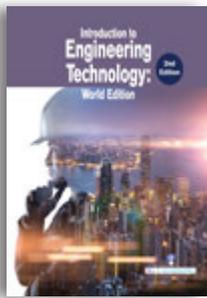

HEAT AND MASS TRANSFER (2ND EDITION)

- The book provides the basics of major heat and mass transfer operations.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Learn about Conduction, Convection, Radiation and Heat exchangers in a most comprehensive and interactive way.

EDITION ②

ISBN: 9781984680167 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ENGINEERING AND TECHNOLOGY

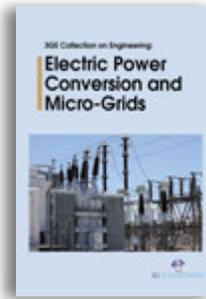

EDITION ②

INTRODUCTION TO ENGINEERING TECHNOLOGY: WORLD EDITION (2ND EDITION)

- This book exposes the reader to a wide array of engineering principles and their application to varied fields.
- Focuses on the dissemination of information of permanent interest in engineering applications and engineering technology.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

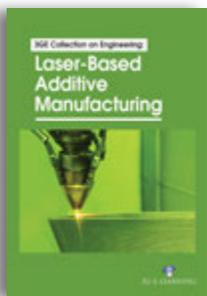

ISBN: 9781984680709 | Price: \$95 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON ENGINEERING: ELECTRIC POWER CONVERSION AND MICRO-GRIDS

- Offers a comprehensive overview of recent achievements in the field of micro-grids and electric power conversion.
- In addition, the book presents well-founded mathematical analyses on how to technically and economically optimize microgrids via distributed energy resource integration.

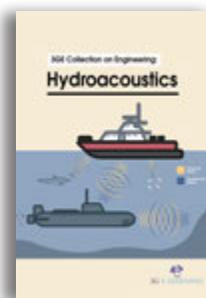

ISBN: 9781984681034 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENGINEERING: LASER-BASED ADDITIVE MANUFACTURING

- This book provides a comprehensive review of the technology and its range of applications.
- Describes the use of computational modeling and simulation to explore and describe the LAM technique, to improve the compositional, phase, and microstructural evolution of the material.

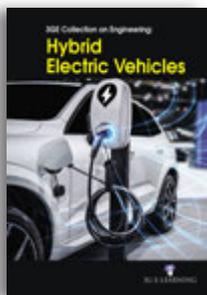

ISBN: 9781984681041 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENGINEERING: HYDROACOUSTICS

- Hydroacoustics is the study of sound in water. Because of the physical properties of the ocean, light waves can only travel a few feet in water before their energy is absorbed.
- The book provides students with an understanding of the physics involved in underwater acoustics, and a sound knowledge of the acoustic technology and methods applied for studying marine biological resources and their habitats.

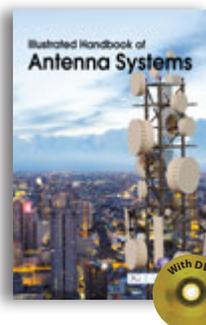

ISBN: 9781984681058 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON ENGINEERING: HYBRID ELECTRIC VEHICLES

- Presents coverage of dynamics, charging, battery assembling, designing engines, interior and exterior spacing, etc. of hybrid electric vehicles.
- Includes topics such as novel propulsion systems, emerging power electronics and their control algorithms, emerging electric machines and control techniques, and energy storage systems.

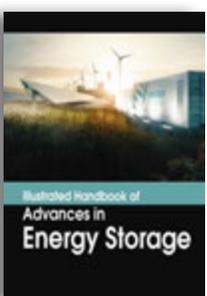

ISBN: 9781984681065 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF ANTENNA SYSTEMS

- This illustrated handbook serves as a one-stop resource for practical EW antenna system know-how.
- The book presents theoretical and experimental approaches to help the reader in understanding the unique design issues and more advanced research.

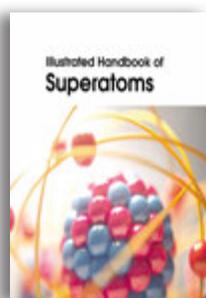

ISBN: 9781984681188 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF ADVANCES IN ENERGY STORAGE

- This book covers advances in battery technologies and applications for medium and large-scale energy storage.
- This book provides a glimpse of some latest advancements in energy storage technologies, management and control, innovative energy conversion, energy efficiency and system integration.

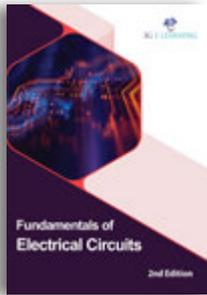

ISBN: 9781984681195 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF SUPERATOMS

- Presents a molecular understanding of catalysis and catalytically active materials is of fundamental importance in designing new substances for applications in energy and fuels.
- The book covers topics as varied as the thermal and thermoelectric properties of cluster-based materials and clusters for CO₂ activation and conversion.

ISBN: 9781984681201 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

EDITION ②

FUNDAMENTALS OF ELECTRICAL CIRCUITS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Covers fundamental concepts in electrical circuits; circuit analysis and network theorems; linearity and superposition; series/parallel circuits etc.
- Deals with the principal areas of electrical engineering theory, ranging from simple resistive circuits to Fourier and transient analysis.

ISBN: 978-1-98465-928-6 | Price: \$95 | Copyright: 2022 | Binding: Paperback

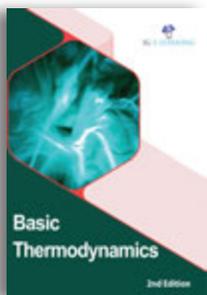

EDITION ②

ENGINEERING MECHANICS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Introduces the principles and practices required to solve engineering mechanics problems.
- Explores the modeling and analysis of static equilibrium problems with an emphasis on real-world engineering applications and problem solving.

ISBN: 978-1-98465-929-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

EDITION ②

BASIC THERMODYNAMICS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Provides an introduction to the most powerful engineering principles you will ever learn.
- Presents the fundamental concepts of thermodynamics and describes the theory of work and heat.

ISBN: 978-1-98465-930-9 | Price: \$95 | Copyright: 2022 | Binding: Paperback

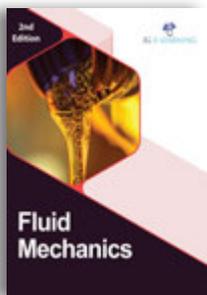

EDITION ②

INSTRUMENTATION AND CONTROL (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Covers the measurement terminology, differentiating between analog and digital, describe the instrumentation used for electronic testing and develop the principles of operation of transducers used for industrial process measurement and control.
- The overall approach of this book makes it an ideal work for all students in control engineering and instrumentation.

ISBN: 978-1-98465-931-6 | Price: \$95 | Copyright: 2022 | Binding: Paperback

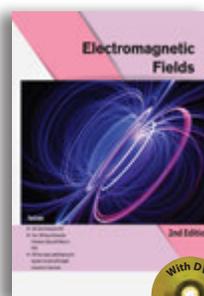

EDITION ②

FLUID MECHANICS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- In this book, the fundamental ideas of fluid mechanics are presented from a physics perspective.
- Topics covered in the book include pressure, hydrostatics, and buoyancy; open systems and control volume analysis; mass conservation and momentum conservation for moving fluids; viscous fluid flows, flow through pipes; dimensional analysis; boundary layers, and lift and drag on objects.

ISBN: 978-1-98465-932-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

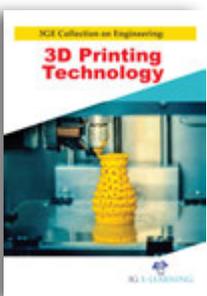

EDITION ②

ELECTROMAGNETIC FIELDS (2ND EDITION) (BOOK WITH DVD)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Configure an emphasis on basic principles and a focus on electromagnetic formulation and analysis.
- Offers a detailed discussion on the range of EMF sources and exposures.

ISBN: 978-1-98465-933-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

ISBN: 978-1-98466-000-8 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON ENGINEERING: 3D PRINTING TECHNOLOGY

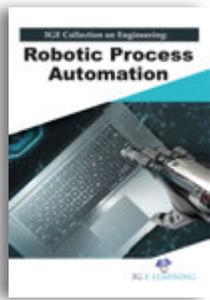

- Students will understand the various software tools, process and techniques for digital manufacturing.
- This book will assist you understand how 3D printing is being applied across a number of domains, including design, manufacturing, and retailing.
- It will also demonstrate the special capabilities of 3D printing such as customization, self-assembly, and the ability to print complex objects.

ISBN: 978-1-98466-001-5 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON ENGINEERING: HAPTIC TECHNOLOGY

- Students will gain an appreciation for the capabilities and limitations of human touch, develop an intuitive connection between equations that describe physical interactions and how they feel, and gain practical interdisciplinary engineering skills related to robotics and mechanical engineering.
- Students will know how to build, program, and control haptic devices, which are mechatronic devices that allow users to feel virtual or remote environments.

3GE COLLECTION ON ENGINEERING: ROBOTIC PROCESS AUTOMATION

- Students will understand the emergence of Robotic Process Automation (RPA) and its future scope.
- Provides great improvement in accuracy and processing time by increasing the productivity in transaction processing.

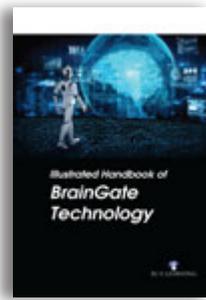

ISBN: 978-1-98466-002-2 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF SMART EYE TECHNOLOGY

- Eyetracking is a technology to measure gaze and track eye movement. The aviation and aerospace industries use eye tracking for R&D purposes, and for training.
- This type of technology will have a big impact on computing. This can help when developing websites or displaying information.
- This book focuses on analyzing and understanding human behavior and interaction.

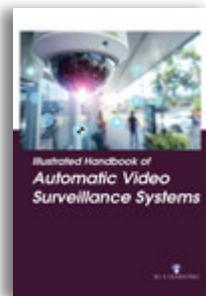

ISBN: 978-1-98466-015-2 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF BRAINGATE TECHNOLOGY

- Braingate neural interface system is based on, Cyber kinetics platform technology to sense, transmit, analyze and apply the language of neurons.
- Explores what is Brain Gate Technology & why is it a Benefaction to Humankind?
- Shows how the brain can act as a guide to understanding the future of the internet and the constellation of businesses.

ISBN: 978-1-98466-017-6 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF AUTOMATIC VIDEO SURVEILLANCE SYSTEMS

- Eyetracking is a technology to measure gaze and track eye movement. The aviation and aerospace industries use eye tracking for R&D purposes, and for training.
- This type of technology will have a big impact on computing. This can help when developing websites or displaying information.
- This book focuses on analyzing and understanding human behavior and interaction.

ISBN: 978-1-98466-016-9 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

INNOVATIVE FOOD SCIENCE AND EMERGING TECHNOLOGIES

- Includes many new trends and developments in food science, including preparation, characterization, morphology, properties, and recyclability.
- Presents a modern perspective on the development of robust, effective and sensitive techniques to ensure safety, quality and traceability of foods to meet industry standards.

ISBN: 9781984679307 | Price: \$95 | Copyright: 2023 | Binding: Paperback

FOOD TECHNOLOGY (4TH EDITION) (BOOK WITH DVD)

- This fully revised edition is designed to match the specification of the subject and is designed to reinforce exactly what the students need to know.
- Describes new technologies used in food production such as gene technology, farming technology and robots, nanotech, packaging, and discusses the implications of using these technologies.
- Some new chapters covering current topics are also added in this revised edition.

EDITION ④

ISBN: 9781984679772 | Price: \$95 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON FOOD SCIENCE: BIOPROCESSING TECHNOLOGY IN FOOD AND HEALTH

- The book explores and exploits the synergy and boundary between biotechnology, bioprocessing and food engineering.
- This book focuses on recent findings, new research trends, and emerging technologies in bioprocessing, making use of microorganisms in the production of food for health and nutritional benefits.

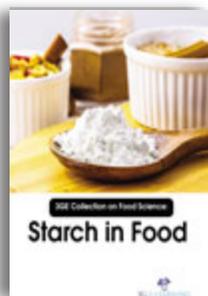

ISBN: 9781984681072 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON FOOD SCIENCE: COLOUR IN FOOD

- This book focuses on the preparation, structure, chemistry, functional properties, stability, handling and applications of naturally-derived colorants approved for use in food products.
- This book reviews how color is perceived and measured, discusses food color chemistry and stability, and presents ways that color can be better controlled in food.

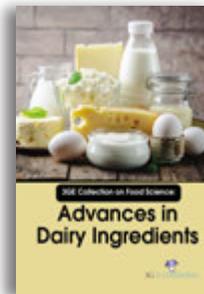

ISBN: 9781984681089 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON FOOD SCIENCE: STARCH IN FOOD

- The book looks at starch as an ingredient and how it is used in the food industry. The book covers various aspects of starch, including physicochemical, nutritional and functional properties, plus applications in addition to foods.
- The book covers the links between biosynthesis, structure and the environmental impact on processing and nutrition.

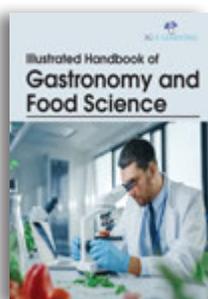

ISBN: 9781984681096 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON FOOD SCIENCE: ADVANCES IN DAIRY INGREDIENTS

- This book offers a comprehensive and practical account of the various dairy ingredients commonly used in food processing operations.
- The goal of this book is to present some new approaches on dairy processing.

ISBN: 9781984681102 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

ILLUSTRATED HANDBOOK OF GASTRONOMY AND FOOD SCIENCE

- Understanding the Flavor of Foods and Beverages presents a new comprehensive and unifying theory on flavor, which answers ancient questions and offers new opportunities for solving food-related issues. Encompasses the science and practice of molecular gastronomy in the most accessible and up-to-date reference available.

ISBN: 9781984681157 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

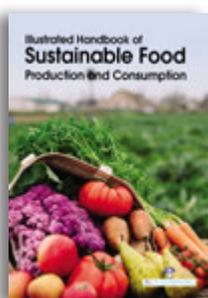

ILLUSTRATED HANDBOOK OF FUNCTIONAL PROPERTIES OF FOOD COMPONENTS

- During post-harvest storage and processing, these components change and the extent and nature of change depends on the chemical properties of the compounds themselves.
- This book provides an overview of the composition, structure, and functionality of key food components and their effects on food product quality.

ISBN: 9781984681164 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

HOSPITALITY AND TOURISM

COOKING FOR THE HOSPITALITY INDUSTRY (BOOK WITH DVD)

- Presents a reliable reference for commercial cookery students and apprentice chefs.
- Offering a complete overview of the hospitality and catering industry, this reference text has been updated to reflect latest developments and current issues.

ISBN: 978-1-98465-840-1 | Price: \$90 | Copyright: 2022 | Binding: Paperback

REVENUE MANAGEMENT FOR THE HOSPITALITY INDUSTRY (BOOK WITH DVD)

- The purpose of this book is to provide a core understanding of the fundamentals of revenue management, which ties into the larger picture of revenue strategy.
- Aims to provide an insightful look into Revenue Management.
- Intends to give students knowledge about hands on skills that revenue managers must master to maximize profit within their hos-

pitality organization. Students will apply the tools used by professional revenue managers and develop proactive strategies in differing economic situations.

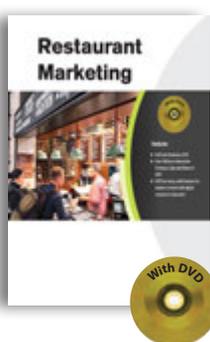

ISBN: 978-1-98465-943-9 | Price: \$90 | Copyright: 2022 | Binding: Paperback

FESTIVAL AND SPECIAL EVENT MANAGEMENT (BOOK WITH DVD)

- This introductory book presents a comprehensive overview of the theory and procedures associated with managing festivals and special events.
- The role of marketing and communication, environmental planning, the increasing role of governments over the creation of event strategies, and the different outlooks of event management are all discussed.

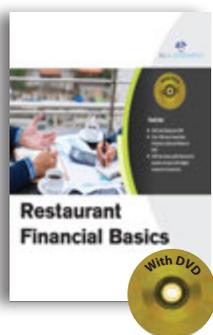

ISBN: 978-1-98465-944-6 | Price: \$90 | Copyright: 2022 | Binding: Paperback

RESTAURANT MARKETING (BOOK WITH DVD)

- To discover more about marketing fundamentals for restaurants. These lessons provide you with marketing homework help, giving you the proper guidance when it comes to answering questions about niche marketing, hospitality service trends, marketing plans, and more.
- This book will explore the unique challenges related to restaurant marketing, suggest some restaurant marketing ideas, and dive into the marketing tactics that will help you implement them.

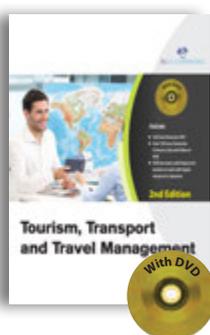

ISBN: 978-1-98465-945-3 | Price: \$90 | Copyright: 2022 | Binding: Paperback

RESTAURANT FINANCIAL BASICS (BOOK WITH DVD)

- Intended to provide a basic overview of the operation of a restaurant from a financial perspective.
- Presents understanding of the basics of financial management for food service, how restaurants create budgets, manage expenses, pay employees and more.

ISBN: 978-1-98465-946-0 | Price: \$90 | Copyright: 2022 | Binding: Paperback

TOURISM, TRANSPORT AND TRAVEL MANAGEMENT (2ND EDITION) (BOOK WITH DVD)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- This book is a cohesive and comprehensive look at this multi-million dollar industry sector from a variety of perspectives relevant to the teaching of tourism.
- Covering all aspects of management of travel and tourism industry, this book looks at the core disciplines and the application of theory to practice.

ISBN: 978-1-98465-947-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

KITCHEN ESSENTIALS AND BASIC FOOD PREPARATION (2ND EDITION) (BOOK WITH DVD)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- A study of the fundamental principles of food preparation, cooking techniques, material handling, and food safety and nutrition.
- Covers basic safety and hygiene procedures in the storage, preparation and handling of food identifies susceptible foods which can cause food poisoning cleans food storage, preparation areas and equipment in kitchen follows essential personal hygiene procedures identifies key hazards in the kitchen.

**CRIMINOLOGY: AN INTRODUCTION
(BOOK WITH DVD)**

- Provides an introduction to the basic concepts and content of criminology, such as crime, criminal, delinquent, deviance, treatment, rehabilitation and victim.
- Provides an introduction to the concepts of research and theory as related to the study of crime, deviance, and the criminal justice system.

ISBN: 978-1-98465-842-5 | Price: \$90 | Copyright: 2022 | Binding: Paperback

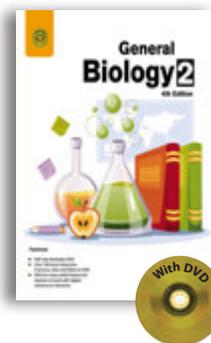

EDITION ④

**GENERAL BIOLOGY 1 (4TH EDITION)
(BOOK WITH DVD)**

- With an ultimate goal to achieve a more thorough understanding of higher organisms in their entire complexity, this 4th edition is revised and new chapters are added.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.
- In its updated 4th edition, this book has been extensively revised on a chapter by chapter basis.

ISBN: 9781984680532 | Price: \$95 | Copyright: 2023 | Binding: Paperback

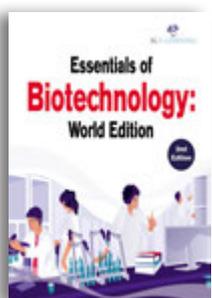

EDITION ④

**GENERAL BIOLOGY 2 (4TH EDITION)
(BOOK WITH DVD)**

- Provides students with an understandable and engaging encounter with the fundamentals of biology.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

ISBN: 9781984680549 | Price: \$95 | Copyright: 2023 | Binding: Paperback

EDITION ②

**ESSENTIALS OF BIOTECHNOLOGY:
WORLD EDITION (2ND EDITION)**

- Offers a comprehensive review of the prospects for a wide range of food ingredients produced using biotechnology.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.
- Designed for students of biotechnology and related fields, this book describes the potential applications of biotechnology in the industrial sector.

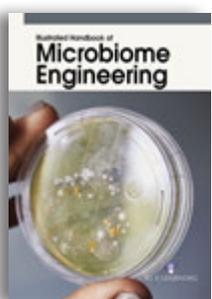

ISBN: 9781984680600 | Price: \$95 | Copyright: 2023 | Binding: Paperback

ISBN: 9781984681331 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF DNA
ORIGAMI**

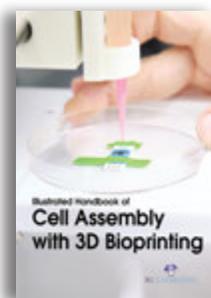

- A complete guide for students that brings together fundamental and developmental aspects of DNA origami technology.
- This book has the potential of initiating a new era of nanorobot design useful for applications including drug delivery, biosensing, and nanomanufacturing.

ISBN: 9781984681348 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF
MICROBIOME ENGINEERING**

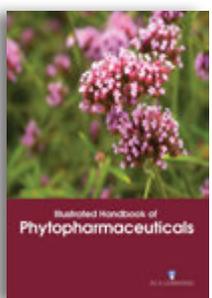

- Describes the critical roles of systems biology, synthetic biology, computer modelling, and machine learning in microbiome engineering.
- Summarizing aspects of vulnerability, adaptation and amelioration of climate impact, this book provides an important resource for understanding microbes, plants and soil in pursuit of sustainable agriculture and improved food security.

ISBN: 9781984681355 | Price: \$180 | Copyright: 2023 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF CELL
ASSEMBLY WITH 3D BIOPRINTING**

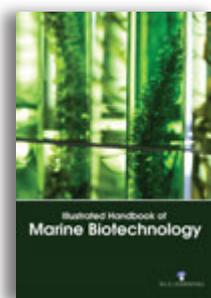

- The book includes practical examples of 3D bioprinting, a protocol for typical 3D bioprinting.
- Provides an integrated and introductory look into the rapidly evolving field of biotechnology. It demystifies the processes of commercialization and discusses legal and regulatory considerations.

ISBN: 978-1-98466-038-1 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF
PHYTOPHARMACEUTICALS**

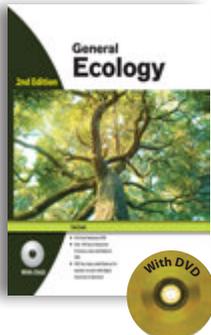

- This newly emerging area of natural product science including the necessary skills to undertake individual and collaborative research.
- It covers stages such as discovery, design and development of products and their constituent parts within the pharmaceutical industry.
- Students will learn and use a wide range of techniques for the quality control of natural plant material including both the macroscopical and microscopical recognition of dried plant material.

ISBN: 978-1-98466-039-8 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

**ILLUSTRATED HANDBOOK OF
MARINE BIOTECHNOLOGY**

- This book broadens students' understanding of the basics and recent developments in marine biotechnology.
- Discusses the genetics and molecular biology of the bioactive compound biosynthesis and the identification of the organisms involved.

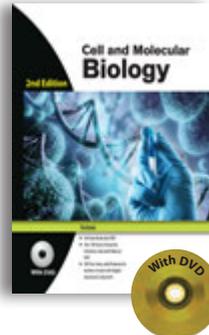

GENERAL ECOLOGY (2ND EDITION) (BOOK WITH DVD)

- This edition has become more comprehensive with the inclusion of several new topics.
- The goal of this course is to familiarize you with ecological theory and its applications.
- Covers population, community and ecosystem level ecology of plants and animals. It focuses on the interactions of organisms with each other and with their abiotic environment.

EDITION ②

ISBN: 978-1-98465-956-9 | Price: \$95 | Copyright: 2022 | Binding: Paperback

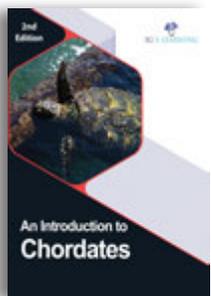

CELL AND MOLECULAR BIOLOGY (2ND EDITION) (BOOK WITH DVD)

- This edition has become more comprehensive with the inclusion of several new topics.
- Describes the structure and function of cells in all their genetic, biochemical, developmental, physiological and pathophysiological aspects.
- Covers a detailed analysis of the biochemical mechanisms that control the maintenance, expression, and evolution of prokaryotic and eukaryotic genomes.

EDITION ②

ISBN: 978-1-98465-957-6 | Price: \$95 | Copyright: 2022 | Binding: Paperback

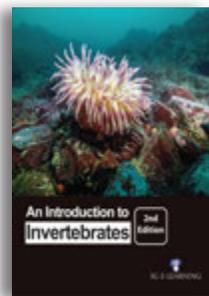

AN INTRODUCTION TO CHORDATES (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Presents classification of chordates.
- Highlights on the development of various groups of chordates.

EDITION ②

ISBN: 978-1-98465-958-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

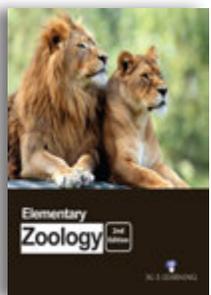

AN INTRODUCTION TO INVERTEBRATES (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Presents information on animal groups and their evolutionary origins.
- Explores anatomy, and current phylogenetic hypotheses.

EDITION ②

ISBN: 978-1-98465-959-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

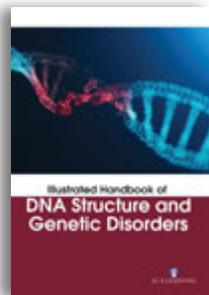

ELEMENTARY ZOOLOGY (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides a beginner's guide to zoology, from simple life forms to more sophisticated vertebrates.
- Teaches the structure and function of the major animal groups.

EDITION ②

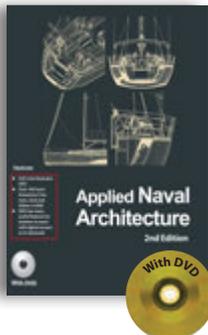

ISBN: 978-1-98465-960-6 | Price: \$95 | Copyright: 2022 | Binding: Paperback

ILLUSTRATED HANDBOOK OF DNA STRUCTURE AND GENETIC DISORDERS

- A genetic disorder is an illness caused by changes in a person's DNA. These mutations can be due to an error in DNA replication.
- This book presents a current assessment of this rapidly evolving field, offering principles for actions and research and recommendations on key issues in genetic testing and screening.
- Discusses the principles of genetics with application to the study of biological function at the level of molecules, cells, and multicellular organisms, including humans.

ISBN: 978-1-98466-037-4 | Price: \$180 | Copyright: 2022 | Binding: Hardcover

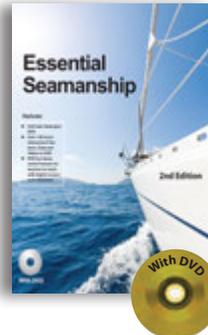

APPLIED NAVAL ARCHITECTURE (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides a perfect introduction to naval architecture.
- Adopts a practical approach together with applications in real submarine design and operation.

EDITION ②

ISBN: 978-1-98465-961-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

ESSENTIAL SEAMANSHIP (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Essential seamanship knowledge as the handling of ships and also information on a variety of subjects.
- Presents the comprehensive overview of Seamanship Techniques.

EDITION ②

ISBN: 978-1-98465-962-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

MARINE CARGO OPERATIONS (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides a clear and comprehensive introduction to the cargo operations.
- Presents the basic principles and techniques of cargo operations.

EDITION ②

ISBN: 978-1-98465-963-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

THE BUSINESS OF SHIPPING (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Presents an analysis of the principles of the "business" of commercial shipping.
- Enhances skills to utilize in maritime industry.

EDITION ②

ISBN: 978-1-98465-964-4 | Price: \$95 | Copyright: 2022 | Binding: Paperback

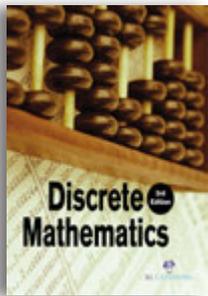

PORT & TERMINAL MANAGEMENT (2ND EDITION) (BOOK WITH DVD)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides up-to-date understanding required to thrive in today's highly competitive and evolving environment.
- Presents an analysis on changing role of ports in supply-chain management.

EDITION ②

ISBN: 978-1-98465-965-1 | Price: \$95 | Copyright: 2022 | Binding: Paperback

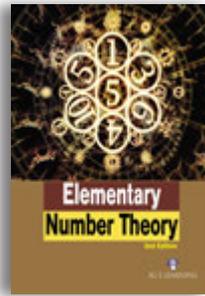

DISCRETE MATHEMATICS (3RD EDITION)

- In particular, this book is meant to introduce logic, proofs, sets, relations, functions, counting, and probability, with an emphasis on applications in computer science.
- Fully updated throughout, enable the students to develop the requisite computational skills needed in software engineering.
- Some new chapters covering current topics are also added in this revised edition.

EDITION ③

ISBN: 9781984679918 | Price: \$95 | Copyright: 2023 | Binding: Paperback

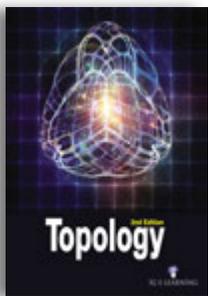

ELEMENTARY NUMBER THEORY (2ND EDITION)

- Covers the basics of number theory, offers an outstanding introduction to partitions, plus chapters on multiplicativity-divisibility, quadratic congruences, additivity, and more.
- Gives advanced students an introduction to the deep theory of the integers, with focus on the properties of prime numbers, and integer or rational solutions to equations.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679925 | Price: \$95 | Copyright: 2023 | Binding: Paperback

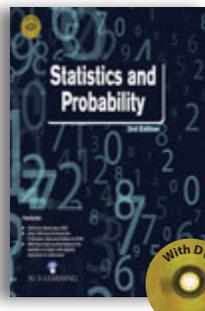

TOPOLOGY (2ND EDITION)

- An introduction to topological spaces. It deals with constructions like subspaces, product spaces, and quotient spaces, and properties like compactness and connectedness.
- Introduces topology, covering topics fundamental to modern analysis and geometry.
- It also deals with subjects like topological spaces and continuous functions, connectedness, compactness, separation axioms, and selected further topics such as function spaces, metrization theorems, embedding theorems and the fundamental group.
- In its updated second edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ②

ISBN: 9781984679932 | Price: \$95 | Copyright: 2023 | Binding: Paperback

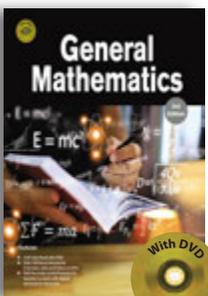

STATISTICS AND PROBABILITY (3RD EDITION) (BOOK WITH DVD)

- This fully revised edition introduces the historical and mathematical basis of statistics and probability as well as their application to everyday situations.
- Fully updated throughout, some new chapters covering current topics are also added in this revised edition.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

EDITION ③

ISBN: 9781984680365 | Price: \$95 | Copyright: 2023 | Binding: Paperback

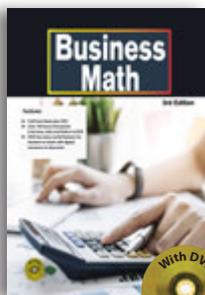

GENERAL MATHEMATICS (3RD EDITION) (BOOK WITH DVD)

- A comprehensive book covering the complete Preliminary mathematics course.
- Equipped with the latest information, this book offers students real advice in navigating the ever-changing academic landscape.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

EDITION ③

ISBN: 9781984680372 | Price: \$95 | Copyright: 2023 | Binding: Paperback

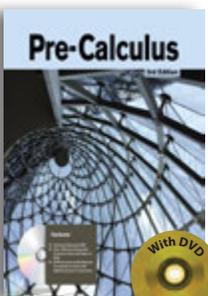

BUSINESS MATH (3RD EDITION) (BOOK WITH DVD)

- Providing comprehensive coverage of personal and business-related mathematics, the book is refreshingly different in its approach, and endeavors to motivate student to learn the concept and apply them in real-life situations.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

EDITION ③

ISBN: 9781984680389 | Price: \$95 | Copyright: 2023 | Binding: Paperback

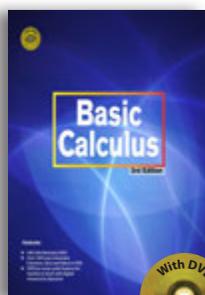

PRE-CALCULUS (3RD EDITION) (BOOK WITH DVD)

- The text is intended to revolutionize the way students learn material by incorporating more real-world applications, ongoing review, and innovative technology.
- Fully updated throughout, some new chapters covering current topics are also added in this revised edition.
- This book offers students real advice in navigating the ever-changing academic landscape.

EDITION ③

ISBN: 9781984680396 | Price: \$95 | Copyright: 2023 | Binding: Paperback

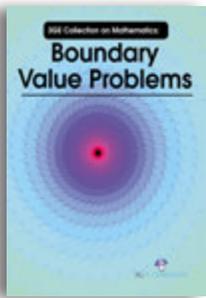

BASIC CALCULUS (3RD EDITION) (BOOK WITH DVD)

- With this book, students will gain the skills and confidence that make all the difference.
- Provides a new and well-motivated introduction to calculus and analysis, historically significant fundamental areas of mathematics that are widely used in many disciplines.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.

EDITION ③

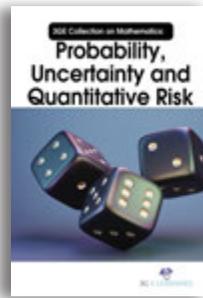

ISBN: 9781984680402 | Price: \$95 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON MATHEMATICS: BOUNDARY VALUE PROBLEMS

- Presents the theory of boundary value problems for analytic functions and its applications to the solution of singular integral equations.
- The book presents the solution of boundary-value problems for basic partial differential equations.

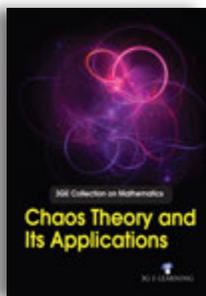

ISBN: 9781984681119 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: PROBABILITY, UNCERTAINTY AND QUANTITATIVE RISK

- This book presents a philosophical approach to probability and probabilistic thinking, considering the underpinnings of probabilistic reasoning and modeling.
- This book builds a unifying scientific framework for discussing and evaluating the quality of risk assessments and whether they are fit for purpose.

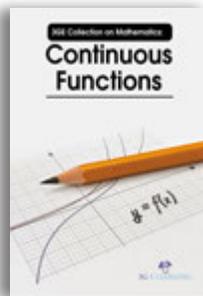

ISBN: 9781984681126 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: CHAOS THEORY AND ITS APPLICATIONS

- The book proceeds to give a detailed presentation of the chaotic, rogue, and noisy optical dissipative solitons; parhelic-like circle and chaotic light scattering; and interesting forms of the hyperbolic prism.
- This book provides a comprehensive view of the models and applications of chaos theory in medicine, biology, ecology, economy, electronics, mechanical, and the human sciences.

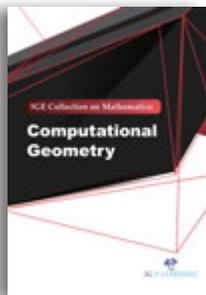

ISBN: 9781984681133 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: CONTINUOUS FUNCTIONS

- This is an axiomatic treatment of the properties of continuous multivariable functions and related results from topology.
- This book covers the construction, analysis, and theory of continuous nowhere differentiable functions, comprehensively and accessibly.

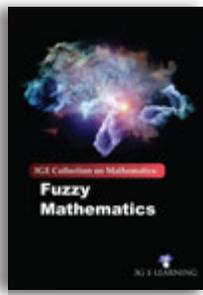

ISBN: 9781984681140 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: COMPUTATIONAL GEOMETRY

- Presents an introduction to computational geometry.
- This book covers topics in Geometric and Probabilistic methods in Computer Science, with an eye towards interesting, modern applications of these tools.

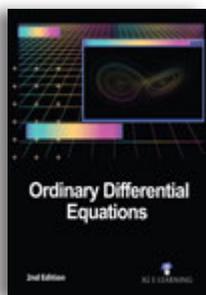

ISBN: 978-1-98466-007-7 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: FUZZY MATHEMATICS

- Fuzzy sets and fuzzy logic gives us one way of representing this uncertainty and reasoning with them.
- The book aims to introduce students to the important areas of fuzzy set theory and fuzzy logic.
- The book is focused on the fundamental theory of fuzzy sets and its applications to data mining and decision making.

ISBN: 978-1-98466-008-4 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

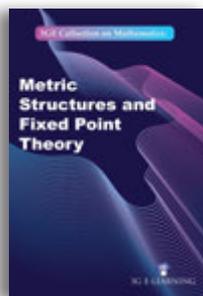

ORDINARY DIFFERENTIAL EQUATIONS (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Covers the fundamentals of the theory of ordinary differential equations.
- Focuses on the mathematical ideas underlying various asymptotic methods for ordinary differential equations that lead to full, infinite expansions.

EDITION ②

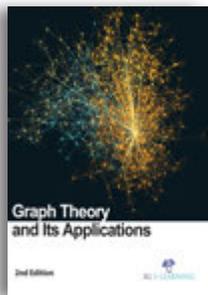

ISBN: 978-1-98465-979-8 | Price: \$95 | Copyright: 2022 | Binding: Hardcover

3GE COLLECTION ON MATHEMATICS: METRIC STRUCTURES AND FIXED POINT THEORY

- Metric theory has undergone a dramatic phase transition in the last decades when its focus moved from the foundations of real analysis to Riemannian geometry and algebraic topology, to the theory of infinite groups and probability theory.
- Provides essential tools for solving problems arising in various branches of mathematics and other sciences such as split feasibility problems, variational inequality problems, non-linear optimization problems, equilibrium problems, selection and matching problems, and more.

ISBN: 978-1-98466-006-0 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

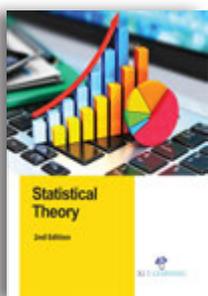

GRAPH THEORY AND ITS APPLICATIONS (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- An introductory text in graph theory, this treatment covers primary techniques and includes both algorithmic and theoretical problems.
- For many years now, graph theory has been developing at a great pace and in many directions.
- This book covers a broad spectrum of topics in graph theory, geometry, convexity, and combinatorics.

EDITION ②

ISBN: 978-1-98465-973-6 | Price: \$95 | Copyright: 2022 | Binding: Paperback

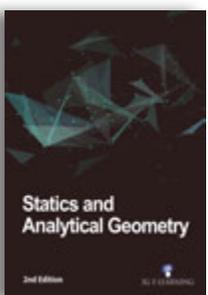

STATISTICAL THEORY (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- The aim of this book is to discuss the fundamental ideas which lie behind the statistical theory of learning and generalization.
- Discusses as well the criteria of success and failure in statistical situations.

EDITION ②

ISBN: 978-1-98465-975-0 | Price: \$95 | Copyright: 2022 | Binding: Paperback

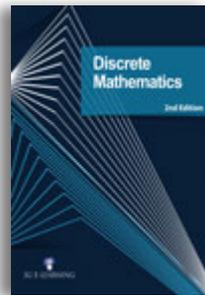

STATICS AND ANALYTICAL GEOMETRY (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- Emphasis has been given to both 2D as well as 3D geometry.
- A systematic approach with adequate examples for better understanding of the concepts.

EDITION ②

ISBN: 978-1-98465-977-4 | Price: \$95 | Copyright: 2022 | Binding: Paperback

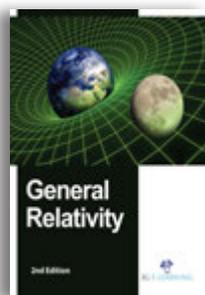

DISCRETE MATHEMATICS (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- This approachable text studies discrete objects and the relationships that bind them.
- The vital role that discrete mathematics plays in computer science is strongly emphasized as well.
- The book is useful for students taking a course in this field or software engineering.

EDITION ②

ISBN: 978-1-98465-974-3 | Price: \$95 | Copyright: 2022 | Binding: Paperback

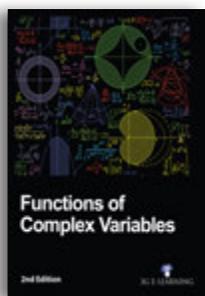

GENERAL RELATIVITY (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- The book concludes with a brief discussion of classical field theory and the derivation of general relativity from a variational principle.
- This book covers the principle of equivalence, paying particular attention to the question of the existence of inertial frames in Newtonian mechanics.

EDITION ②

ISBN: 978-1-98465-976-7 | Price: \$95 | Copyright: 2022 | Binding: Paperback

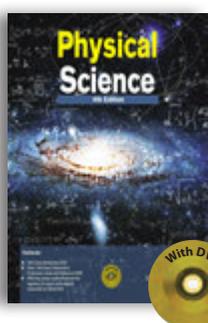

FUNCTIONS OF COMPLEX VARIABLES (2ND EDITION)

- Retaining the same organization as its predecessor, this second edition adds considerable material on new topics.
- This book makes available to readers a comprehensive range of analytical techniques based upon complex variable theory, topic essential to training students in complex analysis.
- Discusses a variety of problems which are usually treated in the theory of functions of one complex variable, the level being gauged for graduate students.

EDITION ②

ISBN: 978-1-98465-978-1 | Price: \$95 | Copyright: 2022 | Binding: Paperback

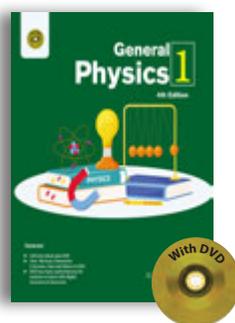

**PHYSICAL SCIENCE (4TH EDITION)
(BOOK WITH DVD)**

- Provides students complete coverage of the physical sciences with a level of explanation and detail appropriate for all students.
- Fully updated throughout, some new chapters covering current topics are also added in this 4th edition.
- This updated edition offers students real advice in navigating the ever-changing academic background.

EDITION ④

ISBN: 9781984680433 | Price: \$95 | Copyright: 2023 | Binding: Paperback

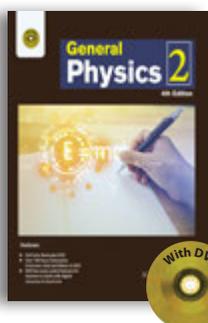

**GENERAL PHYSICS 1
(4TH EDITION) (BOOK WITH DVD)**

- Intended to provide a complete and precise knowledge of basic physics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.
- In its updated 4th edition, this book has been extensively revised on a chapter by chapter basis.

EDITION ④

ISBN: 9781984680556 | Price: \$95 | Copyright: 2023 | Binding: Paperback

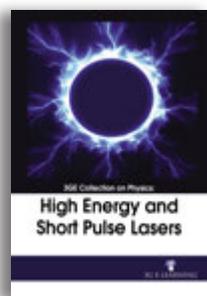

**GENERAL PHYSICS 2 (4TH EDITION)
(BOOK WITH DVD)**

- Provides a coherent treatment of the basic principles and theories of general physics.
- This edition helps in acquiring a better understanding of the basic principles of Kinematics and in revising a large amount of the subject matter quickly.
- This edition is thoroughly updated with new chapters and the latest coverage of the topics.
- Subject matter has been fully revised in such a way that makes the concepts clear and understandable to readers.

EDITION ④

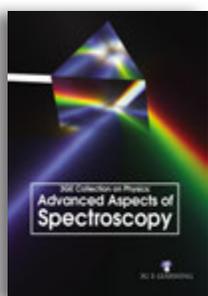

ISBN: 9781984680563 | Price: \$95 | Copyright: 2023 | Binding: Paperback

3GE COLLECTION ON PHYSICS: HIGH ENERGY AND SHORT PULSE LASERS

- This book traces the progress of this field and highlights some of its key concepts and applications.
- The book gives a comprehensive overview of the principles and applications of ultrashort pulse lasers, especially applied to medicine and production technology. Recent advances in laser technology are discussed in detail.

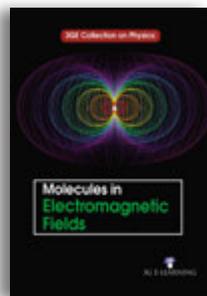

ISBN: 9781984680907 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

**3GE COLLECTION ON PHYSICS:
ADVANCED ASPECTS OF SPECTROSCOPY**

- This proven book provides a systematic introduction to spectra and basic theoretical concepts in spectroscopic methods and includes up-to-date information.
- Principle, experimental set ups, parameters and interpretation rules of several advanced IR-based techniques; application to biointerface characterisation through the presentation of recent examples, will be given in this book.

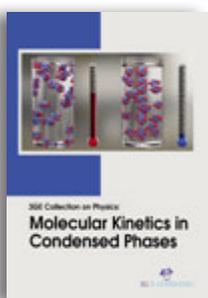

ISBN: 9781984680914 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

**3GE COLLECTION ON PHYSICS:
MOLECULES IN ELECTROMAGNETIC FIELDS**

- Describes the effects of electromagnetic fields on the structure of molecular energy levels.
- This is a textbook on the theory and calculation of molecular electromagnetic and spectroscopic properties.

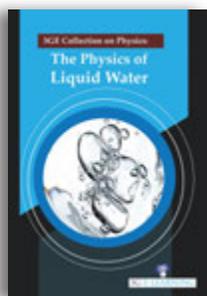

ISBN: 9781984680921 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

**3GE COLLECTION ON PHYSICS:
MOLECULAR KINETICS IN CONDENSED PHASES**

- Offers an introduction to the topic that combines theory, simulation and analysis Includes a detailed study of a two-dimensional system and of a solvated peptide.
- This book assembles both theory and application in this field, to interest experimentalists and theoreticians alike.

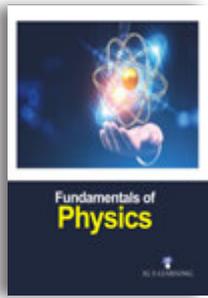

ISBN: 9781984680938 | Price: \$160 | Copyright: 2023 | Binding: Hardcover

3GE COLLECTION ON PHYSICS: THE PHYSICS OF LIQUID WATER

- Water is the name of the liquid state of H₂O at standard conditions for temperature and pressure.
- Describes the structure and properties of water.
- It discusses the mysteries of isothermal compressibility, structural diversity, as well as liquefaction and boiling points of water in relation to the shape of the interaction between particles.

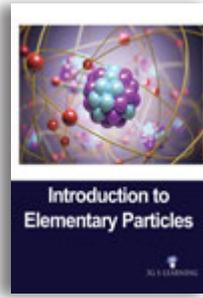

ISBN: 978-1-98465-989-7 | Price: \$160 | Copyright: 2022 | Binding: Hardcover

FUNDAMENTALS OF PHYSICS

- Provides a thorough introduction to the principles and methods of physics.
- The course will cover the fundamentals of Physics, including the following topics: the description of motion; forces and momentum; the dynamics of particles; kinetic and potential energy; the conservation of energy; temperature and thermal equilibrium; specific and latent heat; thermal energy; and more.

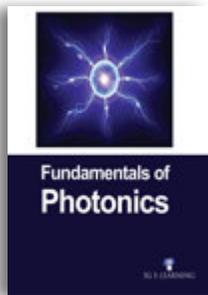

ISBN: 978-1-98465-966-8 | Price: \$95 | Copyright: 2022 | Binding: Paperback

INTRODUCTION TO ELEMENTARY PARTICLES

- This book is an introduction to elementary particle physics, also referred to as high-energy physics.
- The book provides an introduction to central facts and notions of particle physics, symmetries, invariances, and conservation laws.

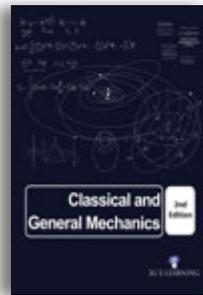

ISBN: 978-1-98465-967-5 | Price: \$95 | Copyright: 2022 | Binding: Paperback

FUNDAMENTALS OF PHOTONICS

- Provides an introduction to photonics, optoelectronics, lasers and fiber-optics.
- Covers the following topics such as the development of lasers and optical systems; application of lasers for measurement tasks and materials processing; optical communication; optical measurement techniques and microscopy methods; semiconductor technology and micro-systems and photovoltaic.

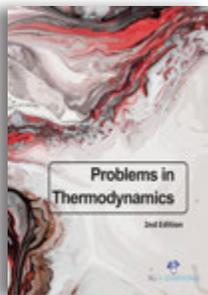

ISBN: 978-1-98465-968-2 | Price: \$95 | Copyright: 2022 | Binding: Paperback

CLASSICAL AND GENERAL MECHANICS (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Develops general concepts, theorems and techniques.
- A complete description of the motion of particles and rigid bodies.

EDITION ②
ISBN: 978-1-98465-969-9 | Price: \$95 | Copyright: 2022 | Binding: Paperback

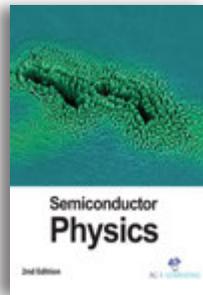

PROBLEMS IN THERMODYNAMICS (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Provides an introduction to the study of thermodynamics.
- Numerous solved examples and end of-chapter problems are provided.

EDITION ②

ISBN: 978-1-98465-970-5 | Price: \$95 | Copyright: 2022 | Binding: Paperback

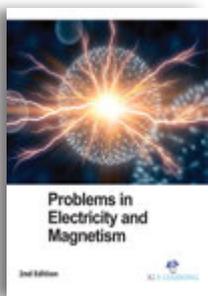

SEMICONDUCTOR PHYSICS (2ND EDITION)

- This edition has become more comprehensive with the inclusion of several new topics.
- Covers the basic physics of semiconductors and their applications to practical devices.
- Detailed explanations of the electronic, vibrational, transport, and optical properties of semiconductors.

EDITION ②

ISBN: 978-1-98465-972-9 | Price: \$95 | Copyright: 2022 | Binding: Paperback

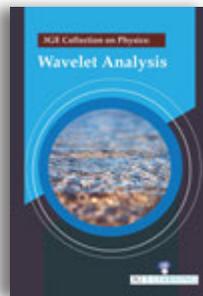

PROBLEMS IN ELECTRICITY AND MAGNETISM (2ND EDITION)

- This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics.
- Traces the history of theories about electricity and magnetism.
- Describes what electricity is and how it is generated, stored, and used.

EDITION ②
